N OPEN INQUIRY

rt in Schley Case ects in September.

ESTIGATE FULLY

ary Long Believes the Session l Not Be Extended in Spite of Many Witnesses.

July 24—Secretary rdance with a request Schley today advised he would order a court into the entire [illegible] Later owing to the court ember and reception court said and I do not be for table for full dress I issued an dispensing with full dress uniforms dur but this ill that form of offi at the door I the use of the adjoining rooms of [illegible] of the court be [illegible] emphatic that fact very a great mistake to The country has all that transpires offered Per very glad to have number of naval regulations re on of three I personnel of the and this will [illegible] the [illegible] witnesses who [illegible] will be [illegible] it will assemble the that the ses [illegible] the talk be condensed may be allowed to as he reply opportunity for of all the witnesses he entitled un at has to be repre asked would an opin by the in quite prob [illegible] the court to confine at the person be made pub which time also the the court probably [illegible] condition [illegible] the secretary no warrant of particular

der advisement. He has been making inquiries as to the availability of certain officers and it is understood that some telegraphic inquiries have been made of those absent from the city to see if there is any reason why they should not serve

Admiral Schley's letter asking for a court of inquiry to investigate charges against him in Maclay's history is as follows

Great Neck Long Island N Y July 22 1901—Sir Within the past few days a series of press comments have been sent to me from various parts of the country of a book entitled The History of the Navy written by one Edgar Stanton Maclay From these reviews it appears that this edition is a third volume of the said history extended to include the late war with Spain which the first two volumes did not contain and were in use as text books at the Naval academy

From excerpts quoted in some reviews in which the page and paragraph are given there is such perversion of facts misconstruction of intention such intemperate abuse and defamation of myself which subjects Mr Maclay to action in civil law While I admit the right of fair criticism of every public officer I must protest against the low flings and abusive language of this violent partisan opponent who has infused into the pages of his book so much of the malice of unfairness as to make it unworthy the name of history or of use in any reputable institution of the country

I have refrained heretofore from all comment upon the innuendoes of enemies muttered or murmured in secret and therefore with safety to themselves I thing the time has come to to take such action as may bring this entire matter under discussion under the clearer and calmer review of my brothers in arms and to this end I ask such action at the hands of the department as it may deem best to accomplish this purpose

But I would express the request in connection that whatever the action may be that it occur in Washington where most of my papers and data are stored

Very respectfully
W S Schley Rear Admiral U S N
To the secretary of the navy Washington D C

Secretary Long replied to Admiral Schley as follows

Navy department Washington D C July 24 1901—Sir I am in receipt of yours of the 22d inst with reference to the criticisms upon you in connection with the Spanish American war and heartily approve of your action under the circumstances in asking at the hands of this department such action as may bring this entire matter under discussion under the clearer and calmer review of your brothers in arms

The department will at once proceed in accordance with your request.

Very respectfully
John D Long
Rear Admiral W S Schley U S N

WILL MEET AT SALT LAKE CITY NEXT

24—Salt Lake City selected as the place of the grand lodge Order of Rapids Mich cap in the big Elks third lodge the most the most of its kind 5000 up of About 50 country bands ers

The Grand Rapids Elks were attired in new white and navy blue sailor suits and large black neckties and wore white caps which bore the name of their city on the hat band They also wore white shoes This delegation numbered 318 men

The Cotton Pickers from Greenville Miss 35 strong made up as darkies were a feature in their unique outfit. They had a wagon on which were perched several bales of cotton fresh from the fields

A fire run and contests were the features tonight and were followed at midnight by a ghost parade in which many took part. The costumes were of a gruesome order the skull and cross bones playing a prominent part in their make-up

COMBINE INTENDS O OPERATE IDLE PLANTS

July 24—Two moves as to the the American any to and the Cre is the ship men of the at the to We would there is a Wels may ship emergency of the U S Steel early breaking of ultimately plants that is understood today is the Hyde Park an Sheet Steel com was taken into the with objection by the former The has caused formerly employed there to leave Hyde Park for other places and the company believes there would be less difficulty in starting this plant than when the Amalgamated association has control.

It was apparent in Pittsburg this evening that fresh and decidedly important developments in the strike of the steel workers were about to take place At the Amalgamated headquarters the two leading officials of the association were absent during the greater part of the day It was stated that President Shaffer was away on personal business and had nothing on hand concerning the strike The absence of Secretary John Williams was also accounted for in the same manner The conference held on Tuesday night which kept President Shaffer and Secretary Williams out till early this morning remains as mysterious as before None of these officials would give out any hint as to what had taken place aside from stating positively that they had not met any of the officials of the United States Steel corporation Whatever the object of the meeting it is believed to have been continued today and much of importance is expected to be developed from the conference

The question of the manufacturers securing injunctions against the Amalgamated association was discussed guardedly during the day.

Messrs Dogy and Dorsey write a letter to the Gazette in which they state that the apex question between the Pointer and Mollie Dwyre companies is not a joke

A DENVER BABY THE VICTIM OF A VILLAIN

Special to the Gazette

Denver July 24—The most outrageous crime yet recorded in Denver's long list of assaults, robberies and hold ups occurred at about 5 o'clock this evening in one of the most thickly populated portions of the city Gertrude Hobbs a five year old child living at 1001 Twenty third street was seduced to go into a barn at the rear of her home where she was choked and assaulted by an unknown man The first information of the affair was had when a neighbor lady saw the girl stagger out of the alley and start for her home The woman rushed to the child's assistance and helped her to get home An examination revealed the fact that the child was not seriously injured

After being resuscitated the baby told in her own childish words about a large dark complexioned man who came down the street where she was playing and offered her ten cents worth of candy to go walking with him She accepted the offer and he led her down the sidewalk around the corner and into the alley The barn at the rear of the lot is empty and into this place of hiding he took the child where after committing his crime he left her choked into half insensibility In a short time she staggered down the alley and was seen by the neighbor lady

The police were immediately notified and inside of 30 minutes had Geo Sutherland behind the bars charged with the crime. The only evidence against him is that he has served two terms in Canon City for similar offenses In the early eighties he was sent up from Arapahoe county for two years and shortly after being released was sent up from Leadville for 15 years. He refused to discuss his present arrest The police say that he was released from Canon City a few months ago and came direct to Denver where he stayed six weeks and then left They say that during those six weeks all of the criminal assaults on children which have been reported this year occurred He returned to Denver just four days ago When arrested at his father's home at Twenty seventh and Welton streets today he had just come in and was preparing to shave As no one around the Hobbs home saw any strangers around previous to the assault the police will bring witnesses from the scene of other assaults in the hope of identifying him

THE NEWS SERVICE OF THE GAZETTE

Is the Best in the State.

The Gazette is the only paper in Colorado Springs that has the full, complete and unabbreviated Associated Press report every day in the year The Associated Press report is sent out from New York In Chicago it is re-edited for all cities west of Chicago The report of the general news of the day is published in the Gazette just as fully and just as completely as it is published in the Omaha Bee, the Kansas City Journal or the Denver News In addition to this the Associated Press correspondent in Denver sends to the Gazette much Denver and other state news of interest to Gazette readers

The Gazette publishes every day in the year more Associated Press news than is published in any paper west of Chicago outside of Omaha Kansas City and Denver and it publishes an equal amount with the papers of those cities

The Gazette has the exclusive Associated Press report for this city for Sunday as well as the exclusive night report for every day in the year

The Gazette not only has the exclusive and full night report furnished it over its own leased wire but the report as published in the afternoon papers of Denver is also furnished it in full Thus Gazette readers not only get all of the night report but also all of the day report that is worth printing

The full report as furnished to the Gazette embraces about 30 000 words every day

Any of the above facts can be verified by a letter to the Associated Press correspondent at Denver

Besides all of this service the Gazette has its own special correspondents in New York Washington and Chicago as well as in all parts of Colorado, and the special news service of the Gazette is concededly the best of any newspaper printed in Colorado

METHODS TO PREVENT THE SPREAD OF CONSUMPTION

London July 24—The principal paper before the British Tuberculosis congress today was read by Prof Brouardel of Paris who urged international legislation in regard to the notification of the authorities of the existence of tuberculosis and the disinfection and the salubriety of hotels railroad cars and steamboats thus preventing the spread of tuberculosis

Prof Brouardel who is dean of the medical faculty of Paris maintained that the disease was curable He said any measures tending to limit the ravages of alcoholism would diminish the mortality from consumption and referred to the great danger in hawking pieces of meat in public places and in the sale of milk which had not been examined He believed those dangers could be remedied by legislation Prof Brouardel complimented the United States on its realization of the dangers of expectoration and on its legislation in the matter Prof Brouardel declined to accept Prof Koch's theory that tuberculosis cannot be propagated by the meat and milk of tuberculosus cattle and said he thought it right to protect the population from this contagion by legislation

In an important paper on the question of tuberculin Dr G A Herron of London paid a warm tribute to the researches of Professor Koch. He said that the prejudice against tuberculin arose from the ignorance of those who had attempted to use it while disregarding the explicit injunctions of the discoverer particularly in applying it in unsuitable cases. He pointed out that a very frequent mistake was to administer an overdose and to fail to reduce or suspend the application when the temperature rose above the normal

The only chance to cure consumption Dr Herron asserted was to begin in the early stages The surest method of diagnosis was by the application of tuberculin. He expressed himself as entirely confident that this could be done with absolute safety

Had tuberculin served no other purpose than diagnosis said he it would be worthy of the highest praise and appreciation

Prof Koch who was present, was warmly cheered He spoke briefly in dorsing Dr Herron's observations as to the necessity for caution in the use of tuberculin

At a banquet given tonight to Prof Koch Sir James Crochton Browne announced that the British authorities had appointed a committee on the relations between human and bovine tuberculosis

THE CONSTITUTION AGAIN WON IN FAIR WEATHER

New London Conn, July 24—In a fine southwest breeze over the 39 mile course from New Haven breakwater to Sarah's ledge at the mouth of New London harbor the Constitution again showed what a superb racing craft she is in light weather and smooth water She beat the Columbia today 8 minutes 23 seconds fairly and squarely There were no flukes, the wind holding true and steady with the exception of a shift of a couple of points after two thirds of the distance had been covered The breeze at no time was of sufficient strength to raise a single white cap on the waves

The race between the two 90 footers was contested every inch After going along for two or three miles they indulged in a luffing match, in which the Constitution came out a winner obtaining a lead of nearly a quarter of a mile At 12 30 the Constitution had gone about 15 miles Soon after she set her spinnaker to starboard carrying it until Cornfield lightship was reached when it was taken in again for a few minutes and then reset for the run to the finish The Constitution kept a mile closer to the Long Island shore than her rival until Bartlett's reef was reached and she finished a good mile in the lead having gone the 39 miles in 4 32 2 while it took the Columbia to go over the same distance 4 40 50 This was remarkably fast when the comparative lightness of the breeze is taken into consideration and also that the tide was against them over the greater part of the course

Yachtsmen are now convinced that the Constitution is faster than the Columbia on every point of sailing in light weather but in a heavy blow and a rough and tumbling sea many believe that the Columbia will prove the speedier

Summary

	Start	Finish
Constitution	11 05 03	3 37 35
Columbia	11 05 11	3 46 01
	Elapsed Time	Corrected Time
Constitution	4 32 27	*
Columbia	4 40 50	4 33 10

(*)—Asks for remeasurement.

Judge Belford has written for the Colorado Springs Gazette an article upon the politics of Colorado He diagnoses the situation in an honest and racy manner He does not veil his thoughts in any particular and every sentence is interesting in the extreme If the reader cares to be intelligently informed upon the present and the causes leading thereto and in a measure anticipate political events in his state read this article which the Democrat publishes elsewhere.—(Aspen Democrat.

CRIPPLE CREEK NEWS NOTES

Portland Right of Way Contest Has Been Settled.

SUIT AGAINST THE ISABELLA

Petition for an Order to Examine, Survey and Prove Apex on the Comet Lode of the Company.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek, July 24 The right-of way fight which for some time past the Golden Circle Co has been waging against the Portland G M Co has been amicably settled The railroad company at different times has attempted to lay rails across the Portland property on the saddle between Bull hill and Battle mountain As often as this attempt has been made the Portland company with a force of men, has undone the work and forced the railroad construction gang to vacate the property Today in the county recorder's office a deed was filed in which the Portland company transfers to the Golden Circle company a right of way across the Buckeye Wisconsin and Modoc lodes for a consideration of one dollar There is a stipulation however that upon a written order from the Portland company the Golden Circle company will allow a specified road to lay its tracks across the Modoc claim spur constructed across these three claims This insures the Colorado Springs Short Line access to the mine in this locality The deed was signed by Jas F Burns president of the Portland company

Robert Jacaski through his attorneys brought suit in the district court today against the Elkton Cons M & M Co for $25 000 damages The plaintiff alleges that on July 17 1900 through the gross neglect of the defendant company by whom he was employed he received permanent injuries to his hips and legs and that since that time he has been unable to work. The petition further states that at the time of the accident the company was upraising in the shaft for the purpose of enlarging it He claims to have been descending in the cage and that a projecting timber caught the cage causing him to receive the injuries

Judge Seeds sitting in division 1 of the district court this evening heard the petition of Frank Heart, R J Grant and Peter Preasant for an order to examine prove up an apex and survey block S of the Comet lode of the Isabella G M Co This petition came as the result of a suit instituted by the petitioners some time ago for $30 000 damages against the Isabella company The petitioners were lessees upon the ground several years ago and allege that they were excluded from mining a vein which was virtually their property under the terms of the lease.

J W Thedy was arrested this afternoon on West El Paso street upon a warrant charging him with killing a neighbor's chicken He will have a hearing tomorrow afternoon at 5 o'clock in Justice McCullough's court

Sim Johnson charged with assault with intent to kill and robbing Joe Perac did not appear for trial in Justice Barber's court this afternoon It is stated that Johnson is sick in Denver having a bad case of typhoid fever

Samuel R. Jacoby the 17 year-old boy who accidentally killed himself yesterday by shooting himself with a revolver will be buried at 10 o'clock tomorrow morning from Lampman's undertaking establishment. The interment will be at Mt Pisgah with Rev Graham officiating.

Mary Steen commenced action in the county court today for a divorce from John Steen upon the ground of non support. The couple were married September 28 1890 at Louisville Colo The plaintiff asks that she be given her maiden name

A marriage license was issued today to R. E McCarthy aged 47 and Addie M Fair aged 42 years both of Victor

According to the lease the lessees were allowed to mine all ore which apexed on their block of ground The Isabella Co claim that the vein in question apexed on other property of the company To prove that the vein apexes on block S which they had under lease the petitioners asked for an order allowing them to prove up this apex by connecting the second and third levels. Tonight Attorney Tyson Dines argued for the Isabella Co and Attorney Franklin appeared for the petitioners Judge Seeds decided that in order that the facts in the case might be made clearer to him the two parties interested select a referee whose duty it should be to decide whether the Comet vein was continuous and whether it was necessary to do the work asked for in the petition to decide whether the vein apexed on this block of ground

A runaway that nearly resulted seriously to Mrs Mary Shultz took place on Bennett avenue this afternoon at 3 30 o'clock Mrs Shultz and a friend were out driving and the spirited horse attached to a buggy took fright on Carr avenue In turning a corner the buggy was overturned throwing the occupants to the ground Both were bruised but neither seriously The horse continued down Second avenue freed from the buggy and was stopped near Second street

A E Tubelski commenced suit in the district court today against the Connecticut Fire Insurance Co to recover $1 000 insurance The plaintiff alleges that on April 22 1901 he arranged with the defendant company to insure a carload of furniture for $1 000 The premium was not paid at the time and the plaintiff alleges that he was allowed 60 days in which to pay this premium On April 24 the goods then stored in the warehouse at 131 Carr avenue were destroyed by fire On April 26 the plaintiff demanded his insurance but was told that the goods were not insured and now he brings suit to recover

A great number of Cripple Creek district people will go to Colorado Springs next week to attend the Quarto centennial celebration Many will take this opportunity to have a summer vacation The local lodge of Elks will attend the Elks street fair in a body There will be about 75 in the party headed by a band and they will take part in the Elks parade on July 31

Frank Tessman walking delegate for the Painters union was arrested by Constable Reynolds today charged with assault and battery Sam Shoonwalk who has a place of business near First street on Bennett avenue is the complaining witness The case is set for hearing on Friday next before Justice Barber

Out of town arrivals at the National hotel were J J Wercler M L Stern Tyson S Dines F O Runyan H J Currey J W Charles and family Jos Wilkinson W H Sweet J Winchester Cyrus W McArthur and F J Lindquist of Denver F E Rittenhouse and A H Moynahan of Colorado Springs A I Mathan and family of Kansas City C S Hetherington and G W Searles of Atchison S A Baxter and son of Lima O Joe A Hill of Bethel Conn and R C Hammond of Tampa Fla

NEWS NOTES FROM VICTOR

Victor Bureau
Colorado Springs Gazette

Victor July 24—It is stated that the Colorado Springs Short Line spur to the Portland mine on Battle mountain will be completed tomorrow night This means a great deal for the mines of Battle mountain, and those on the south and east slopes of Bull hill The spur was completed to the Last Dollar mine several days ago and the work has progressed so well that there is but little doubt that the steel will be in position to the Portland ore house tomorrow All along the Victor division of the Short Line construction gangs are at work, and it looks as if the division will be completed inside of three weeks

The showing made by the First National bank of this city in its report on its condition at the close of business July 15 is one of which not only the bank officials but the people of Victor are proud With a paid in capital stock of $40 000 the bank shows resources of $40 6 4 35 Its loans and discounts amount to $ 34 51 57 and since the last report it has on hand undivided profits amounting to $8 893 19

The funeral services over the remains of Scott Loveless who died from injury received on the high line electric road Sunday morning will be conducted from the family residence near the Last Dollar mine on Bull hill tomorrow afternoon at 1 30 o'clock The interment will be at Sunnyside cemetery.

The funeral of Nellie H Chapman took place this afternoon at 3 o'clock. from Hunt's undertaking parlor Deceased and her mother came here from Vermont only a few months ago and have been living in Lawrence Miss Chapman was a victim of consumption

James Lowney and Joe Ginnies ages respectively 1 and 16 years are in jail serving a sentence for vagrancy The boys are from Leadville and it expected that their parents will come to Victor to take them home

VICTOR HAS BOUGHT A NEW DAM SITE

Special to the Gazette

Victor July 24—Most important action was taken by the city council tonight by which a dam site including Bison creek and the adjoining gulch was purchased for $10 000 The property was purchased from Mrs Miller and others of Cripple Creek and comprises 213 acres The new dam when completed will retain 400 000 000 gallons of water sufficient for the entire district It is estimated that it increases the value of Victor's water system by $100 000 The prompt action of the council is commended by all the towns-people

FILIPINOS SURRENDER

Manila, July 24—Col Zurbano with 29 officers 518 men 243 rifles and 100 bolos has surrendered to Lieut Hickman of the First cavalry in Tayabas province These former insurgents have taken the oath of allegiance to the United States and their surrender clears that district of the revolutionary element.

A civilian named Pinnick has been sentenced to one years imprisonment and to pay $1 000 for receiving supplies stolen from the commissary department.

GROWING A BEARD

London July 25—Emperor William is letting his beard grow says the Berlin correspondent of the Daily Mail His mustache is no longer of the straight stiff shape hitherto so familiar The points are loose and the soft growing beard gives him a striking resemblance to his father

THE RICH MEN AND THE STICK

Batting Averages of the Millionaires for the Season.

BANDELIN HEADS THE LIST

Needs Only Two More Hits Than He Has to Make His Record 500 Per Cent. Hernon Holds the Consolation Honors for the Aggregation

A review of the batting records of the individual players on the Millionaires team since the time they began playing with the club reveals some interesting and in many ways satisfactory information

Of the 12 men six stand above 300 per cent and only one Hernon drops below 200 The list taken as a whole is a very creditable one Out of a total of 1 401 times at bat 445 hits were secured making a percentage for the club as constituted at present of 317

This is an exceptionally high standing and shows that the men in the club are quite equal to winning out if they only will play the game in the field There is more encouragement in these figures than in yards of talk They show the boys can have a winning team if they want to and that it is now up to them whether they will deliver the goods

The record of Bandelin is deserving of more than passing mention Two more hits would have given him 500 per cent and the figure as it stands is more than unusual This young man is a coming National league player, and if he continues to play the game as he is doing it now a great future awaits him He does not stop with hitting the ball but sprints around the bases at a 10 second gait. A great many of the hits to his credit would never have counted for a slower man Comparisons are never particularly pleasant but take Hernon for example Any number of the sacrifice hits credited to him would have been safe hits for Bandelin who keeps an infielder on the jump to catch him out on a bunt

The standing of the others at the head of the list is also due in no small degree to their fast running Tannehill Ream Hemphill Gaston all are up on their toes and off along the chalk line to first like a shot The slower men should profit by their example

The batting averages are as follows

Players—	A B	H	Pct.
Bandelin	50	22	440
Tannehill	58	23	[illegible]
Rean	—	[illegible]	[illegible]
Hemphill	276	88	319
Gaston	114	36	[illegible]
Hulen	308	64	208
Holland	150	[illegible]	[illegible]
Shay	156	[illegible]	[illegible]
Donahue	204	54	264
McNeeley	61	12	[illegible]
Parvin	[illegible]	5	206
Hernon	112	20	178

CHINESE INSURGENTS

London July 25—According to native intelligence says the Shanghai correspondent of the Standard Chinese and Russian troops have been seriously defeated by insurgents in the southeastern part of Manchuria and the rebels are now destroying the telegraph wires.

ENGLISHMEN KILLED WHILE CLIMBING ALPS

ZERMATT Switzerland July 24—An Englishman and two ladies together with their guide plunged over a precipice while ascending the Matterhorn

Aosta Italy July 24—Three Englishmen and three guides while climbing Mount Cervino fell down a chasm and all were killed

A KANSAS HEAT RECORD

Topeka Kan July 24 The heat record for Kansas was broken again today This has been the regular announcement for several days past but today the official record at the University of Kansas showed a temperature of 108 degrees In Topeka the government's record gave it as 106 degrees while good thermometers on the streets registered 110 and 112 degrees. Manhattan reports 112 degrees Emporia 112 Ottawa 110 Atchison 104 Abilene 108

Numerous prostrations are reported and in Abilene there were three deaths No rains of any consequence have fallen in the state during the day What rains fell yesterday served only to temporarily reduce the extremely high condition of the atmosphere

Tonight no relief is in sight There was some thunder early in the evening but it looks now as if the threatened rain had passed over again as it has done a dozen times within the past two weeks Everything is stifled with dust and the people of Kansas are beginning to realize in all its fullness what a drouth is. The financial part of the situation is lost sight of for the present. What is being thought of now is the extreme physical discomfort resulting from the heat the alarming scarcity of drinking and stock water and the prospect of much sickness after the heated spell.

Kansas City July 24—For 13 consecutive hours today the government thermometer here registered above 100 While the record of 105 of Monday was not touched the day the severest ever experienced in Kansas City At 11 o'clock this morning 101.5 was recorded the highest mark ever touched so early in the day since the local weather bureau has been established For 11 hours after that the temperature ranged between 104 and 105¼ Still there is no relief in sight either for Kansas City or any part of the southwest. In the past 24 hours the rain reported has been showers at Hayes central Kansas last night and at El Reno Oklahoma at noon today Five deaths directly attributable to the heat were reported in the two Kansas Citys today with a total of over 30 prostrations Several prostrations are also reported from the country

According to the Salt Lake Tribune the accounting department of the Rio Grande Western railroad will be moved from Salt Lake to Denver on October 1.

NEWS NOTES FROM DENVER

Fire and Police Board Closing Thieves' Headquarters

DISCUSSION OF BENDER CASE

Mrs Stumpe Is Minus Her Husband
Railroads Blocked by Landslides
Fall Festival Circus

Denver Bureau
Colorado Springs Gazette

Denver July 24—Mrs M P Stumpe called at the police station this morning and reported the desertion of her husband She says he left their home on South Eleventh street early on Monday morning and she thinks he ran away with a Mrs Hotchkiss who lived near by Both left their families destitute on the same day Before leaving Stumpe sold the home to his sister and this morning she ordered Mrs Stumpe to vacate The police have a clew which they hope will lead to the capture of the missing couple

The story which was sent broadcast over the country that a Mrs Ayers living at Ft Collins Colo is supposed to be one of the notorious Bender family of Kansas has caused quite a furor of excitement among those who delight and study criminal classes in this city All day long the older inhabitants have been calling to mind and talking about the horrible history of the family's crimes and wondering if the parties at Ft Collins are really the ones wanted A number of the people have looked up their History of the Bender Crimes and have re-read the stories contained therein Mrs Ayers is reported to deny emphatically that she is the woman wanted and to allege that it is a case of persecution by her husband

The fire and police board have ordered Mike Ryan's saloon at 2622 Market street closed This is the saloon where Hell was robbed last week The board also announced that any applications for license for a saloon in which Ryan was connected would be refused The board also announced that any saloon where a robbery occurs from now on will have its license revoked It is thought that this will go a long way toward stopping the robbing by pickpockets that has been going on during the past month

Geo W Goddard of Denver the brother of Judge T M Goddard and formerly an associate justice of the supreme court of Colorado died today at Leavenworth Kan where he was visiting He had been ill for some time but did not become critically ill until the last few days

Two large landslides occurred on the Rio Grande last night just west of Glenwood Springs The slides were the result of a terrific rain storm which passed over that section of the country early in the evening One of the slides was the largest that ever covered the Rio Grande tracks It was 40 feet long and from 20 to 40 feet deep All the idle men between Aspen and Grand Junction have been put to work to clear away the dirt from the track Passenger train No 6 had a narrow escape from being wrecked because of the slide but was stopped in time to prevent trouble

A cloudburst occurred in Dory gulch yesterday afternoon Boulders and sand were washed down and covered the Colorado and Southern tracks for over 100 feet Traffic was delayed for eight hours

The B'Nai B'rith society have elected the following officers for the ensuing year President Alfred Buller of Denver first vice president, Louis Newberger Indianapolis second vice president W Ironspeel of Cincinnati secretary Victor Abraham of Cincinnati treasurer Jos May of Cincinnati sergeant at arms B R Fineman Kansas City messenger Jos Mayer Cincinnati The society adjourned this afternoon after selecting Kansas City as the next place for their meeting

One of the attractions that will be seen at the Festival of Mountain and Plain this fall will be a large three ring circus Peter McCourt manager of the Tabor opera house will have charge of the show

S J Rubado Jr son of Water Commissioner Rubado of Georgetown was killed at that city at 7 30 this morning by coming in contact with an electric wire He was employed by the electric company to paint their poles and while performing his duty he in some manner received a shock and was killed Just how the accident occurred is not known as no one witnessed the accident He belonged to one of the oldest and most prominent families of that section of the state and would have been 21 years old next month

The first testimony in the second trial of W F Anderson charged with shooting Messrs Tammen and Bonfils of the Evening Post was taken today The testimony included that of Messrs Tammen and Bonfils Polly Pry and Weather Forecaster Brandenberg The first three witnesses testified to practically the same facts as were sworn to at the first trial The evidence of Brandenberg was introduced to show that the day was too warm to wear an overcoat He swore that while it was warm the humidity of the air of that day might necessitate the wearing of the garment The principal fight is being on the ground of self defense The prosecution is attempting to prove that Anderson wore the overcoat for the purpose of concealing the pistol with which he intended to shoot The trial is attracting very little attention where during the first trial standing room was at a premium now only some 25 or 30 of the audience chairs are occupied and these are by the witnesses or an indifferent sleepy looking lot of men who are glad to find a comfortable place to spend the heated portion of the day

A-BUTTER HINT

(See Below)

Why Use Cream With Your

GRAPE-NUTS

AN OILY HABIT

There are people who become unconsciously addicted to the butter habit that is to say they like butter and gradually eat a little more as the months go by until they find they have consumed each meal a quantity of fat that they have not vitality enough to properly digest

This indigested substance causes more or less catarrh of the stomach and trouble with the bowels

The remedy of course is to largely cut down the allowance of butter and for two or three nights sup nearly a quart of very hot water just before going to bed This washes out the stomach and bowels and gives them renewed vitality Then the person should for a few mornings at least rely on good rich cream with Grape-Nuts for breakfast letting out the butter altogether The cream gives all the fat needed

Grape-Nuts and cream furnish an ideal portion of any breakfast.

CANON CITY

Special to the Gazette

Canon City July 24—The Webster Park company which is one of the strongest of the combinations formed to prospect for oil in the district surrounding Canon has sent Messrs C F Helm and Carl Waltersup there to commence the construction of the necessary buildings. Sinking for the oil will be commenced just as soon as the preliminaries are accomplished

At 10 o'clock on Saturday Receiver R S Lewis of the Canon City Electric Light and Power company sold all the real personal and mixed property of that concern to the Colorado Electric Power company

A good supply of soft water is now assured to Canon City from the big ditch lately run by the city in prospecting for an improved water supply The report of the analyist just at hand states that the water is of a greater degree of softness than that now furnished to the city of Denver and is also of an exceptionally high degree of purity The work of installation will occupy from 60 to 90 days This is the most important matter for the welfare of the citizens of Canon that could have happened The mayor and city council are to be highly congratulated on the success of a scheme that will do more for the upbuilding of Canon than any other possible improvement. They have also under their consideration a new sewerage system which if proved practicable will also be of great benefit to the city

Warden and Mrs Martin of the state penitentiary have returned from their visit to Cripple Creek

Dr Carrier and H L Price have returned from a very successful fishing trip on the Gunnison They tell wonderful stories of fine sport in brooks that are clear for the first time in several years

The Montezuma Mining and Prospecting company is doing a large amount of work about two miles west of Coaldale in the Sangre de Cristo A tunnel has been driven into the hill some 400 feet Three houses are being erected and four more will be commenced as soon as those now in course of construction are completed The property is being put into good shape and the new community will be called Pleaston Six English families will occupy the houses F L Barnes is the manager and A Wie of Australia is the metallurgist

$3 00—AROUND THE LOOP—$3 00
On Sundays only via Colorado & Southern

SAFE BLOWERS AT WORK IN GRAND JUNCTION

Special to the Gazette

Grand Junction July 24—The large safe at the Book Cliff railway station was broken open by safe blowers last night but owing to the absence of William Phillips the manager of the company it is not known what the burglars secured The safe in the feed store of J W Osborn was also broken open and nearly $100 in cash taken The thieves knocked off the knob and then drilled a hole into the space made and by th[illegible] breaking the lock and thus gain an entrance to the money compartment The manner in which they went at their work proved them to be adepts

J A Nattinger and D F J Boyer of Lyons Ia and J A Hay of this city have purchased the B T Napier & Co Dry Goods store one of the largest establishments in Grand Junction The new firm will open the store to the public tomorrow morning

LEADVILLE MEN TO SUPPLANT STRIKERS

Special to the Gazette

Leadville July 24—A hundred men left tonight for Fairport Washington to take the places of smelter strikers The local miners union tried to prevent their departure but Sheriff Daily with 20 deputies was at the Colorado Midland depot and kept the mob of [illegible] from any violence Secretary Furr of the Miners' union got on the train to induce the men to get off but was ejected by United States Marshal Lamb in charge of the men

THIEVES MADE A BIG HAUL AT GLENWOOD

Special to the Gazette

Glenwood Springs July 24—During the past ten or twelve days thieves have been reaping a rich harvest in jewelry at the Hotel Colorado

Mrs John Hays Hammond is reported to have lost a pearl [illegible] set with diamonds Mrs [illegible] of Philadelphia was robbed of a turquoise brooch studded with diamonds and a diamond heart [illegible] diamond pin valued [illegible] at $[illegible] while [illegible] thefts of valuable articles [illegible] diamonds have been reported Whether the thief is a [illegible] or whether he is among the employes is not known

The hotel management is now [illegible] to the fact that its patrons must be protected and it is said to be the intention to procure a competent hotel detective such as is employed in other first class hostelries

NEWS NOTES FROM PUEBLO

Cement Man Outlines Plans for Fremont Plant.

STATE FAIR PREMIUM LIST

C F & I Is Preparing to Take Advantage of Expected Oil Strikes
The Merchants Excursion

Pueblo Bureau
Colorado Springs Gazette.

Pueblo July 24—J Leonard owner of an immense cement plant at Los Angeles Calif and one at Honolulu was in Pueblo today and made public plans for the erection of a huge cement factory in Fremont county He has purchased a tract near bridge 3 on the Rio Grande at a station called Portland six miles east of Florence and will proceed at once to the erection of a plant which will cost $300 000 and have a capacity of 1 000 barrels of cement a day Mr Leonard was accompanied by A Moore an expert in the manufacturing of cement Lime and shale for the manufacture of the cement at Mr Leonard's factory will be secured 25 miles west of Pueblo and it is said to be the finest material in the world for that purpose

The Colorado Supply company has let the contract for its new store building to Hansen & Co of Denver The building will be erected near the site of the new entrance to the steel works on the west side of the plant It is stated that the contract price is in the neighborhood of $60 000

Logan Circle of Ladies of the G A R will be amalgamated with Butler circle tomorrow evening leaving but one auxiliary of the G A R in the city The combined circles will retain the name Butler

A large special premium list for the state fair has been compiled It includes special premiums for nearly all of the exhibits expected at the fair

There is an impression that the C F & I Co is anticipating the striking of oil in Pueblo county and have commenced to secure control of thousands of acres of land in the oil district either through purchase or by direct filings in the names of men connected with the company If oil is struck the company will probably utilize an immense amount of oil for fuel and other purposes at the steel works

Herbert C Mentzer has filed a statement of claim to water rights in district No 14 with the county clerk He will construct two reservoirs with a total capacity of 125 000 000 feet The largest reservoir will derive its supply from Red creek and Belle gulch and the smaller one will be fed by pipe from the larger

The Walter Brewing company is preparing to construct a four story addition to the main building of their brewery It will be 60x60 feet in dimensions

The board of county commissioners has signed the contract for the county exhibition building at the fair grounds George Hannum has the contract for $3 [illegible] of which $900 is to be paid by the fair association

A difficult operation was performed upon Harmon Kutches the aged German who had a pick driven through his face by an unknown assailant a short time ago and it is now expected that the old man will recover

George Campbell was arrested yesterday at Fountain by Deputy Sheriff Skinner on a charge of appropriating $4 belonging to Jno Matson and F Ingram who had been working under him in a fence gang of which he was foreman on account of the Santa Fe railroad Campbell came to Pueblo with the pay checks belonging to the men and is said to have spent the money in having a good time

The excursion train given by the Merchants association to Woodland Park tomorrow will be one of the largest ever run out of Pueblo Nearly 1 000 tickets have been sold All the grocery stores of the city will be closed tomorrow

GLENWOOD

Special to the Gazette

Glenwood Springs July 24—The second day of the horse show was a brilliant success and the management is now most sanguine as to the outcome of the project. Major Wright appeared on the scene today and officiated as one of the judges although on account of the rock slide on the Rio Grande he was not able to get here until a few minutes before the show opened

The first event of the day was an exhibition of the roadster trotter class and was won by Princess Reade and Ferndale owned by Ashbrook and Wells of Kansas City Dr E R Rust of Denver driving Vionetta and mate carried off the ribbon while the yellow ribbon was awarded to Reveille and Allablaze owned by Burnap and Low of Kansas City

Limestone Belle owned by O D Woodward of Kansas City again showed her grace in the gaited saddle horse class and was awarded a blue ribbon the red bow was pinned on Chestnut King owned by George F Palmer of Idaho Springs and Adonis the beautiful black steed owned by Dr James G Field carried off the yellow In single harness horses the judge decided the honors in the following order Glen Fyrie first The Flame second and The Flash third Mr Ashbrook is either owner or part owner of all three of these horses

Perhaps the most interesting of the day's events was in the runabout class Dr E R Rust won the blue with Vionetta Reveille one of Mr Ashbrook's string was awarded the red and Dean R Low of Topeka carried off the yellow with All Ablaze

In the four in hand class Mr Ashbrook won the blue ribbon while Dr Rust carried off the red

Creme de Menthe a beautiful pinto pony owned by Mrs A L Ashbrook won second in the ponies in harness class and Dixie owned by W B Devereux of Glenwood carried off third honors the blue ribbon was captured by Mr Ashbrook's Eloise

Mr Ashbrook's Ladysmith and White Wings carried off the blue and the red in the jumping class and Fretwork owned by F A Hornbeck of Kansas City wore the yellow from the field

Tomorrow there will be another potato race and the tandem classes will again be shown A polo tournament will take place between the Colorado Springs and Glenwood teams the game being the first of a series for four silver cups The racing will continue all week closing Saturday with another polo game and a steer roping contest

GLEN PARK

Glen Park July 23—A large crowd of Glen people went on an excursion to Black Forest this morning This is a very picturesque region with its fine trees and [illegible] rocks—and presents many similarities to the Black Forest of Germany

Dr J B Kinley had charge of the picnic The following are among the number that went Mr and Mrs Bliss Florence Bliss Mary Spencer Mr Link Mrs Fleischer Leo Fleischer, Mr A R Thomas Mrs C A Pier Gertrude Landrum and Mrs F D Baker

A concert under the auspices of the Pueblo Monday Musical club is to be given at the Auditorium this evening

Mr R F Parker of Hot Springs Ark Mrs Geo Shedemantel Mrs Geo Hunt and daughter of Chicago Miss Calista Ponce of Kankakee Ill Mrs Sidle B Andrews of Akron Colo are guests at the Netherwood

Miss Finnie McNeill of Sioux City Ia left for home yesterday

Miss Francis Shiland has gone to Perry Park for the rest of the week to visit friends there

The latest arrivals are Mrs F A Maynard Ossawatomie Kan Mrs Ada Smith Mrs Samuel Dakie Denver Miss Mary Chaney Miss Sarah Chaney of Rocklands Ill Miss Katherine Bonnet Mrs M Q Tanquary Mr A D Piver Mrs F I Bracken Mr G M Fink Mrs B F Spielman Mrs C B Buckton Miss Esle Buckton Mr L A Ritchie of Denver

Miss Edith Booth of Denver is visiting Miss Vera Parker

Miss Manley has gone on a three weeks visit to Boulder During her absence Mrs M F Rich and Mrs A C Right are to take charge of the Manley library but will not continue Miss Manley's Y M C A work

Mr Lester McLean is staying in the Glen this week

GREEN MT. FALLS TO HAVE EXCURSION

The Colorado Midland railroad has arranged another program of sports for Green Mountains Falls next Sunday There will be swimming and boat races on the lake and also an exhibition of high diving Special trains will be run to carry the crowds to and from the grounds

Over $300 in prizes have already been offered for the annual 10 mile bicycle road race which is to take place on the course between Woodland Park and Cascade on August 11

For The Toilet

Pure toilet articles are sometimes hard to get and the adulterations, while they answer for the time being ultimately leave seriously bad effects

Among the large number of perfectly pure imported toilet soaps found in our stock such prominent makers are represented as

Lubin Rogers & Gallet and Pinaud

The Mme Yale toilet articles are here—a full line of them as well as Hudnut's cremes creme Simon and creme Rhea

These few indicate the excellence of the entire line containing everything good in toilet preparations

HEFLEY-ARCULARIUS DRUG CO.

21 South Tejon St

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names but are all due to the same cause—acid and other poisons in the blood that irritate and interfere with the proper action of the skin

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on

Mr H T Shobe 2704 Lucas Avenue St Louis says—My daughter was afflicted for years [illegible] on her face [illegible] treatment [illegible] she was taken to [illegible] S S S and [illegible] she is now seventeen years old and has not a [illegible] embarrassing disease has never returned

S S S is a positive, unfailing cure for the worst forms of skin troubles It is the greatest of all blood purifiers and the only one guaranteed purely vegetable

Bad blood makes bad complexions

SSS purifies and invigorates the old and makes new rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body

If you have Eczema Tetter Acne Salt Rheum Psoriasis or your skin is rough and pimply send for our book on Blood and Skin Diseases and write our physicians about your case No charge whatever for this service

SWIFT SPECIFIC COMPANY ATLANTA GA

WALSENBURG

WATER WAR BETWEEN HUERFANO AND PUEBLO COUNTIES

Walsenburg People Will Hold a Mass Meeting Tuesday to Consider the Present Situation

(Special Correspondence)

Walsenburg July 24—What promises to be a water war was inaugurated in Walsenburg and Huerfano county when Water Commissioner Dempsey [illegible] Sunday July [illegible] [illegible] they would divert all the [illegible] of the Huerfano river and its tributaries to ditches in Pueblo county Mr Dempsey does this under instruction from Superintendent of Irrigation J R Chen The people of Huerfano county object to this strenuously and a mass meeting of the citizens has been called to meet at Walsenburg on Tuesday July 30 Pueblo and Huerfano counties have been on terms of belligerency on the question of water rights for a number of years The matter as it is looked at by Huerfano county people is as follows

Some years ago the ditch owners of Water District No 16 were notified to appear before Judge H W Reed who had been appointed water referee by the judge of the district court and make their claims for all priority rights. Pueblo county which is in water district No 16 but in another judicial district refused to recognize the jurisdiction of the court and made no claims before the water referee All the ditches in Huerfano county were therefore given priority rights over those in Pueblo county No claims were made by Pueblo county ditch owners within the statutory limit of three years and hence all their rights were lost.

However seeing their mistake Pueblo owners of ditches afterwards desired to have their rights adjudicated and asked for a hearing Judge Northcutt granted this request and reopened the decrees for adjudication James R. Killian was appointed referee After all the evidence was in the rights of two ditches in Pueblo county were settled and given priority right No 1 and priority right No 2 under the Killian decrees However it was the ruling of the judge that all the decrees under the Reed adjudication should remain in effect and should antedate the Killian decrees Thus while these Pueblo ditches were No 1 and 2 under the Killian decree they did not take priority rights over the Reed ditches

It has been the contention of Pueblo county ever since that the Reed adjudication was void and that the Killian was the only one that stood The water commissioner has therefore periodically been ordered to turn all the water into these ditches when there has been enough to supply them and no more

The contentions of Huerfano have been sustained by the lower courts and although Pueblo county has never appealed from that decision so long as they have a water commissioner for the sixteenth district appointed from Pueblo county and by a Democratic governor Huerfano county people feel that they will never have justice

Huerfano county has spent large sums of money fighting this question before the courts and although the decision has been given in their favor still the decision of the court is ignored It is on this account that the mass meeting is called for next Tuesday It is expected that a large delegation will be in attendance

An operetta was given at Mazzone hall last Friday for the benefit of the Presbyterian church The play was by home talent and realized $50 for the church

The Methodist church at this place is to receive a coat of fresh paint The funds were raised by the ladies of the church

Walsenburg was slightly disturbed yesterday by the report that a mad dog was at large on the streets The marshal settled the dog

The Spaulding Manufacturing company of Grinnell Ia last week disposed of a carload of buggies to the farmers of the county Today they received two more carloads of 40 vehicles each Walsenburg is the center of the operations of this company for this district From here they work south into Las Animas county and north into Custer and expect to extend their operations over the range into Costilla county It is cheaper for them to haul their buggies by horses from this point and sell as they go rather than pay the freight rates over the mountains These people have to pay a peddler's license but are nevertheless much discredited by the tax paying merchants who handle the same commodities

The postmaster at Walsenburg has secured for the people of the camps of Pictou and Maitland a much desired extension in their mail service from this place Heretofore they have had but one Denver mail a day There is now a bi daily service to these camps which thus receive the northern and eastern mails as frequently as do the people of Walsenburg

Fred G McHarg postmaster at Walsenburg has heard reports of the depredations of bears on the upper Cucharas and tomorrow he intends to start out and if he don't come back with a bear's skin he will at least have the satisfaction of seeing their tracks

The county commissioners adjourned yesterday after a three weeks sitting They will meet again Aug 16 to appoint judges of election

Miss A L Farley of Davenport Ia is visiting at the home of Mrs McHarg She will spend some time camping in the hills

Henry Snedden blacksmith in the employ of the Victor Fuel company at Maitland returned Tuesday accompanied by his daughters Misses Maggie and Jessie from an extended visit with relatives in Rathmel Pa

Miss Elizabeth Quillian one of the teachers in the Walsenburg schools is spending the last month of her vacation rusticating in the mountains at the head of Williams creek

Miss Mary Campbell daughter of Undertaker Campbell is visiting relatives on the upper Huerfano

H B Setter Walsenburg's second hand man returned yesterday from a visit to the gold mines at Sierra Blanca

Miss Esther Lansing is visiting Mrs S C Clark at Redstone Colo

George Tombling superintendent of the Colorado Supply company at Pictou returned Tuesday from a two weeks outing camping near the summit of the range

J B Farr sheriff of Huerfano county returned from a three weeks stay in New Mexico where he has been looking after his business interests While there he sold his stock ranch and is now bringing his cattle to Huerfano county

FOUNTAIN

F F Lorbit commenced active work on his new building Wednesday When completed it will be the largest block in our city and a credit to a first class city

Mrs Geo Smith after spending a six weeks vacation at Coldwater Neb returned home on last Tuesday

Jack Spicer has recently sold a lot of fine horses and received a good price for them

Fountain is making an effort to be in the big parade during the Quartocentennial

L A Loothman has returned to Canon City after a few days with his family

Miss Cecil Duncan from the county capital is visiting Miss Mabel Clinger

Dove shooting has been the sport of many hunters for the past week

Lucky Gus Wilson from Butte was up Sunday and took in the ball game

The case of the Chilcoot Ditch Co vs Callahan has been postponed until the 29th

Fountain was well represented at the ball game on last Saturday

Hereafter Saturday will be publication day for the Fountain Herald instead of Monday

HEALTH COMMISSIONER GETS AFTER THE WEEDS

The following ordinance has been taken up by the health commission and will be enforced:

AN ORDINANCE

Concerning Weeds and Obnoxious Plants

Be it ordained by the city council of the city of Colorado Springs:

Section 1. All offensive or obnoxious weeds or plants within the city of Colorado Springs must, when ordered by the city physician or health officer of the board of health, be destroyed, cut or removed from within the city limits, the owner or agent of such ground or parcel or parcels of ground, including sidewalks upon which such offensive or obnoxious weeds or plants may be found, to have a reasonable time after receiving notice to cut, destroy or remove such weeds or plants. The time within which the same is to be done shall be stated in the notice.

Sec. 2. Any person violating this ordinance shall be fined in a sum not less than ($5) five dollars nor more than ($25) twenty five dollars.

Passed September 1, 1900.

The above ordinance must be complied with. Owners, agents and occupants must see that the weeds are cut within five days, otherwise the terms of this ordinance will be enforced against them.

Peter Oliver Hanford
Health Commissioner

MORE ROOMS WANTED

Plenty of applications are pouring in each day and the Quarto centennial management are very anxious to secure a still larger supply of accommodations for the throngs of visitors who will be here next week.

All persons who have rooms to rent are urgently requested to list them at once with the chamber of commerce.

Assignments of rooms are now being made daily and it is of the greatest importance for the committee to have every possible room listed in order that visitors can be properly taken care of. Send name, number of street address and rate to be charged. Address Room Committee, Chamber of Commerce.

The Anheuser Busch

Trade mark has been used on more homes than any other label in the world. You will find it on the genuine bottling of Budweiser, Faust, Anheuser Standard, Pale Lager, Export Pale, Black & Tan and Exquisite. Orders promptly filled by Adam Geiger, wholesale agent, Colorado Springs.

A MOONLIGHT JAUNT VIA THE SHORT LINE TUESDAY JULY 30

An innovation in the way of pleasure trips will be inaugurated by the Short Line management on Tuesday evening July 30, when a special train composed of four of the handsomest coaches and monster locomotive with powerful electric headlight will leave D. & R. G. station, Colorado Springs, at 7:30 p. m. for a trip to the summit and return by moonlight. The party will be limited to 250, the seating capacity of the train, and under no circumstances will more than 250 tickets be sold. No passes nor free transportation of any kind will be honored on the train. Tickets for the trip, including souvenir coupon, to be retained by purchaser, will be sold at rate of $1.00 for the round trip and will be on sale only at ticket office D. & R. G. station west of Antlers park commencing at 8:00 a. m. Monday, July 29. The party will arrive at the Springs returning about 10:30 p. m.

The view of the canons by moonlight as the train circles around the top of the same is indescribably grand, while the brilliant illumination of Colorado Springs, including Elks' fair and Midway, from the summit of the range will be dazzling in its splendor.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.
For sale by all Druggists.—Price 50c. per bottle.

CHANGE OF TIME ON THE SHORT LINE

Under the new schedule Short Line trains will leave Colorado Springs at 2:00 a. m., 8:00 a. m., 10:37 a. m., and 4:40 p. m.

No change in eastbound trains except that No. 8 arrives Colorado Springs 10 [illegible] a. m., five minutes earlier than heretofore.

[illegible] church [illegible] the annual [illegible] and [illegible] planning to [illegible] will leave [illegible] and the fare [illegible] trip

CHAIRS ARE HERE.—The new seats for the Methodist church auditorium have arrived and will be put in place in a short time.

ONE DRUNK.—One drunk was fined $ and costs in police court yesterday morning. He was committed.

PERSONAL MENTION

W. A. Edmundson of Mexico, Mo., is visiting his brother-in-law, Judge J. P. Pates. Mr. Edmundson is a prominent attorney of Mexico.

Mrs. Jackson Woods and niece, who have been visiting Mrs. James Stuart for two weeks, have returned to their homes in Burlingame, Kan.

Mrs. Frank Van Cleve and Mrs. Ernest P. Mattlerols have gone to Denver for a few weeks' visit with friends.

Mrs. John Preston is entertaining friends from St. Louis. They will return to their homes tonight.

C. N. Snyder of the firm of Murray and Snyder has gone to Cripple Creek on business.

Joe Bryant, Will Walker and A. Collins, employes of the Colorado Midland in this city, have gone to Vast, Colorado, on a ten days' fishing trip.

cis Drake Here From Johannesburg

[illegible] independence [illegible] freedom [illegible] the Antlers [illegible] just [illegible] South Africa [illegible] consulting [illegible] Mr. Drake is ex[illegible] properties [illegible] sympa[illegible] They [illegible] fighting [illegible] might and the [illegible] see [illegible] This is all wrong. I am an American myself though I've been away from my country for over 15 years. In the first place the Transvaal never was and never would be a republic. It is a country of deep rooted prejudices where everything different from the Boers was crushed out of existence.

Why, they have tried to make me a J. P. innumerable times, quite a compliment to a foreigner—but I would rather be an alien there than a naturalized foreigner. There is no such a thing as naturalization there. With the Boers equal rights are bred in the bone or you're out of it for all time.

South Africa is a country of great and startling surprises. You never can tell what the wind may not blow up. When I left there last April I thought the war would surely be terminated by June at the longest, but it seems now that the end is as indefinitely far off as ever. The British government is spending £6,000,000 sterling a week to carry on the war. The end of the war is inevitable annihilation for the Boers. They may keep on till every one of them is killed off. They have an unlimited quantity of good old fashioned mule stubbornness and they never know when they are licked.

All the mines except four are shut down and these are worked only as an example to the Boers. The monthly output before the war was $8,000,000. Now it is practically nothing. The owners are at great expense keeping the water from the mines.

Colorado is a wonderful state. I never saw so much water before in my life. What a fine system of irrigation it will make some day. And Cripple Creek is the busiest mining camp in the world.

Mr. Drake left last night for Telluride to examine the Tom Boy mine for a French syndicate.

Imperfect digestion and assimilation produces disordered conditions of the system which grow and are confirmed by neglect. Herbine gives tone to the stomach and causes good digestion. Price 50 cents. Hefley-Arcularius Drug company, 21 South Tejon street.

Aeronaut LeVan at Casino Again

The announcement that Professor Frank Le Van will make another balloon ascension and parachute leap at Broadmoor casino on Saturday afternoon next will be hailed with delight by residents and visiting tourists. Mr. Le Van's ascension at the casino last Sunday was the most beautiful and successful ever given here, as those who witnessed it can testify. Press and public were unanimous in their praise and Manager Kappler at once made arrangements for a return engagement.

Saturday afternoon was selected because it is children's day at the casino and the management is especially desirous that the little ones and their escorts have an opportunity of viewing the daring man.

Mr. Le Van promises to excel all previous efforts in his intention to please the children. Last Sunday he made a parachute leap from a height of 1,500 feet. On Saturday afternoon he will endeavor to drop from a height of 3,500 feet. As the balloon soars upward the professor hangs with one hand on a trapeze bar, then head downward, swinging from his feet to the dismay of the onlookers. The climax is reached when he deliberately jumps from the clouds. After dropping about 100 feet the parachute opens and he descends gracefully to terra firma.

Even were Prof. Le Van not such a daring and skillful aeronaut, special interest would center in the event because his balloon is brand new, was made in this city and is one of the largest ever constructed.

The ascension will take place as soon after 4 p. m. as practicable. Before and after the ascension the children in their pretty toilets will, as is customary every Saturday afternoon, dance to their hearts' content to the accompaniment of Cavallo's orchestra.

Officers Will Go to Canon City Today

"I want to deny the story that has given people the impression that the Telluride Reduction company has decided not to build its new plant in Colorado City," said Hugh W. Fullerton, one of the officers of the company, last night. "We have paid a sum of money for an option on the Hobbs tract in that place but have not yet decided fully where the bromination plant will be built."

Henry B. Haigh, president of the company, and A. C. Shenstone, its attorney, both of New York, arrived here at noon yesterday and registered at the Antlers. These two men will go to Canon City this morning to meet the chamber of commerce of that place and inspect a site which has been offered to the company to build its reduction works there. The offer not only includes the necessary ground and water rights but the building of railroad switches, without any expense to the company.

For economical reasons Messrs. Haigh and Shenstone favor the site at Canon City. Mr. Fullerton thinks the works should be constructed in Colorado City, although he does not want the new concern to make a big outlay of money to secure a site.

"If we build in Colorado City we will have to buy the Hobbs tract, the only available site, and will have to spend from $12,000 to $14,000 for railroad switches. The decision has not yet been made, however, and the plant may be put up here."

Messrs. Haigh and Shenstone will return from Canon City tonight or tomorrow morning.

Foltz & Hardy for Views

You will make a mistake if you do not see our line of views before you buy. We carry the completest line of any dealer in the state of Colorado, Denver not excepted.

A lady expressed keen regret yesterday that she had not found our place before. She said our assortment was much the best she had seen. She was a guest at the new Antlers. Many other persons have said the same thing. Why take home cheap trash that will find its way into the waste basket when you may get really good views so cheap.

We sell views wholesale and retail. We supply the leading dealers from Denver to Salt Lake. We are particularly well situated to supply retail trade. We have everything that is good.

10c to $10.00 each.

FOLTZ & HARDY

THE NEWS OF MANITOU

GAZETTE'S BRANCH OFFICE :-: CHAS. A. GRANT'S STORE

Some recent arrivals at the Iron Springs are John Culkin and Dan Culkin of Carthage, Ill., Patrick Culkin of Rochelle, Ill., John Styun of South Omaha, Henry Leigh of Shreveport, Ill.

W. E. Taylor, editor of the St. Louis Post-Dispatch, is at the Iron Springs hotel for the season.

Latest arrivals at the Cliff are Gustave W. Bachman of Kansas City, Francis Drake and wife of Transvaal, David McClure of San Francisco, E. J. Schneffler of Hutchinson, Kan., David Rubidge and Miss Rubidge of Denver, L. P. Cohoe, Toronto.

L. W. Harbaugh, publisher of the Denver Hotel Bulletin, was at the Barker yesterday.

S. S. Stitt of Kansas City is at the Barker for a few days.

C. R. Harris and wife are Chicago arrivals at the Barker.

Mrs. William L. Lullock, Miss L. Leonard and Miss N. Hardy of Corsicana, Texas, are recent arrivals at the Mansions who will remain all season.

Miss Abbie G. Thurston, matron of the training school for nurses of the Denver Homeopathic hospital, is a guest at the Sunny Side.

C. H. Snyder and family of Riggs, Ia., are at the Norris for a several weeks' stay in Manitou.

B. W. Brown and wife of Denver registered at the Grand View yesterday.

The following are making their annual visit in Manitou and are located at the Sunny Side: John F. Finerty and wife, Vera C. Finerty and John F. Finerty, Jr., of Chicago and Miss Ida Flynn of Nashville.

A. S. Pegg, proprietor of the Fifth Avenue hotel in Topeka, Kansas, is at the Barker for a few days.

Some recent arrivals at the Ruxton: Misses Florence and Violette Jackson of Fayette, Mo., Mrs. H. H. Beels and nurse of Port Arthur, Mrs. M. I. Lease of Lincoln, Mrs. W. J. Jackson of Buffalo and Mrs. D. C. Dunlap and daughters of Denver.

Some recent arrivals at the Mansions are G. F. Lampey of St. Louis, Carl Illig of Houston, W. F. Lindsay of New York, Henry C. Croft of Baltimore, R. D. Sutton of Pittsburg and A. Elsen of Kansas City.

Chicago Man Sees Need for Irrigation

"The calamity reports of the condition of the crops and of stock in Kansas and Nebraska are exaggerated for the purpose of bulling the markets in Chicago," said Alvin H. Sanders, editor of the Breeders' Gazette of Chicago, the largest and best known paper of its kind in this country. Mr. Sanders was for many years secretary of the National Breeders' association and was commissioner at large to the Paris exposition, representing the agricultural interests of this country at the exposition.

"I have observed the conditions prevalent in the western states very carefully and except in small localities the damages will by no means be as bad as reported. The only serious shortage is the lack of water. There are millions of bushels of corn left in Kansas and Nebraska and the wheat crop this year is a winner.

"The only salvation of the west is in irrigation. There is an abundance of water out here and enough of it goes to waste every spring that ought to be stored in reservoirs to nurture the crops during such seasons of drouth as this one. I am going to keep on preaching government promotion of irrigation as long as I am able or until something is done. Hundreds of thousands of people would be benefited by such appropriations. There isn't a foot of ground here in the west that could not, to use the old phrase, be made to blossom as the rose. You stick any kind of seed in the ground, water it and it is sure to grow. The government is all centered in the east and has the idea that the west is still a prairie waste. It is all well enough to spend tens of millions in harbor improvements, but how much better the entire nation could be benefited if all these millions of acres could be cultivated.

"It will all come about some day, no doubt. Private capital is insufficient to redeem this land and it is moreover the duty of the government to improve its own territory."

Mr. Sanders will spend some time in the state studying the condition of the grain and stock interests of the state. Only recently Mr. Sanders returned from Europe, where he made a specialty of the study of thoroughbred cattle and their adaptability to this country. Mr. Sanders is regarded an authority on all subjects relating to thoroughbred cattle. At present he is a guest at the Antlers. His family will remain here a month or more.

Sudden Demise of Henry C. Lowe

The sudden death of Henry C. Lowe yesterday was a grievous shock to his many friends in this community. Although he had been ailing for the past three months he was supposed to be convalescing. He died yesterday morning at 8:30 o'clock at the Lowe residence, 670 North Cascade avenue. Mrs. Lowe and his two sons, Henry T. and Irving, were at his bedside when the sad end came. Death was due to kidney trouble, which later on was aggravated with symptoms of appendicitis.

Henry C. Lowe was born April 8, 1846, in Allva, in the county of Clackmannan, Scotland, a little village on the shores of the Firth of Forth, just outside of Edinburgh. When nine years of age Mr. Lowe came with his parents to Detroit. The family moved to a farm near there. Like many an ambitious country lad Henry Lowe tired of the farm and longed for the active strife of city life. He left his country home when yet a boy, and found employment in a book store in Detroit. He prospered here, and when yet quite a young man had amassed enough capital to start in business for himself. He established the wholesale grocery house of Lowe Brothers & Co., one of the prominent firms of that city.

Ill health caused him to leave Detroit, and he came to Colorado Springs in 18[illegible]. He started the wholesale grocery firm of H. C. Lowe & Co. but soon sold out to Shields, Morley & Co., devoting his time to mining interests. He was unusually successful in his mining ventures and amassed quite a fortune.

In 18[illegible]3 Mr. Lowe was married to Rebecca J. Osborne of Detroit. Mrs. Lowe, two sons and a brother and sister residing in Virginia survive him.

Mr. Lowe was held in great esteem by his fellow men and beloved by a large number of friends. He was of a gentle, unassuming disposition, very fond of his home and of athletic sports. The family are all staunch Presbyterians and have always been actively identified with charity and philanthropic works. The funeral will be private and interment at Evergreen cemetery.

Water Fines Must Be Paid at Once

At a meeting of the water committee of the city council held Tuesday night much business in connection with the city's water system came up for consideration. Many citizens who have been fined for using the water for sprinkling out of the prescribed hours have carried their grievances before the committee. All the cases were considered but no reason could be found for remitting any of the fines.

Water Commissioner Davis was instructed to notify all who had appealed to the committee that the fine must be paid within 24 hours or the water would be shut off.

In order to increase the pressure in the high districts east of Prospect street and north of Washington street for sprinkling purposes it was found necessary to change the evening hour, making it from 7 to 8 o'clock. At the time when the surrounding districts were sprinkling there was almost no pressure on this high land.

Corsetine

Probably this is the first time you have seen the word CORSETINE in print.

It simply means a WRAPPER with a DETACHABLE CORSET which combines the comfort of a Wrapper with the support given by a Corset.

Clasps in front like an ordinary Corset.

Buttons to Wrapper lining on each side of the garment and can be detached when garment is washed.

The CORSETINE Wrapper is made of suitable and seasonable fabrics and we have them in a large variety of patterns.

Prices, $1.25, $1.50, $1.75, $2.00, $2.50

THE SUCCESS OF THE ANTLERS

THERE has been no disappointment in the beneficial results that were expected from the opening of the new Antlers hotel in this city Already that magnificent hostelry is attracting people from all parts of the globe and seldom if ever has a hotel of the capacity of the Antlers been compelled to turn would-be guests away from lack of room within two weeks after its opening as this one has done

The great value of the Antlers hotel to this city consists more in the character of the people that it attracts than in their numbers Persons of the very highest social and business standing in their home communities will be brought to this city by the comforts and luxuries of such a hotel in such a place How much that means to the life and growth of Colorado Springs cannot be estimated Certain it is that hereafter the choice t tourist travel that comes to the state will come to this city and of the thousands of wealthy and cultured people who come to see and to enjoy hundreds will stay and make this their permanent home

It is to the accomplishment of the latter result that our wealthy and public spirited citizens should now give a share of their attention The country around the eastern base of Pikes Peak is the finest mountain resort country in the world There are no such places in or about any other mountains at home or abroad as Colorado Springs Manitou and Broadmoor and a great deal has been done towards making them attractive to the tourist and to those seeking a permanent residence among the most attractive scenes and under most favorable conditions But all that has been accomplished thus far is small as compared to what should be done and what is demanded by the circumstances of the case and by those natural superiorities of climate and scenery that form the basis of our prosperity and growth

The new Antlers is an illustration of what may be accomplished along these lines and it is the proof that such enterprise would meet a magnificent reward It would indeed be well for the city if the success of those who have done so much for the general welfare in this case would stimulate and encourage others to follow their example

It is easy to point out where such a policy might be successfully applied Manitou ought to have a hotel at least as good as the Antlers for Manitou is itself preeminently the most alluring and the most satisfying of mountain resorts Colorado Springs should make the most of its attractions in every possible way The opportunities at Prospect lake should be made the most of and a popular resort created there that will rank with the best of those in other cities Colorado Springs needs a new opera house one much larger than that which has served the needs of the city for nearly a quarter of a century Such an opera house should have the capacity to accommodate the largest audience that could be drawn within its walls by the best companies that traverse the road across the continent The park system of Colorado Springs should be greatly enlarged and its management placed in the hands of men of ability who will look after the interests of the city in a broad minded and far seeing way The water supply of the city should be developed to its fullest capacity, the schools maintained at the highest standard the streets within the city and the roads outside of it should be improved to the greatest possible degree and in short everything should be done that can be done to improve our natural advantages to the utmost and to make this a city that will be attractive to visitors and continuously entertaining and pleasurable to permanent residents

This is the only safe policy for Colorado Springs to pursue and if this policy is followed there need be no fear of results The experience of the Antlers has shown how quickly a magnificent hotel of large size may be filled by discriminating tourists. A proper effort on the part of Colorado Springs people would demonstrate unfailingly how easily the best of our passing visitors may be transformed into permanent residents who will in turn be numbered among the most earnest and enthusiastic workers for the future greatness and welfare of Colorado Springs

No city ever had a better opportunity than Colorado Springs and in important ways its opportunity is unique To grasp that opportunity and to make the most of it is a problem that may well engage the thought and command the effort of the most broad minded enterprising and resourceful of her citizens

ANOTHER MILL FOR COLORADO CITY

COLORADO Springs as well as Colorado City is to be congratulated on the probable establishment of another ore reduction works in this vicinity The natural advantages of the location the easy access afforded to the mill from the mines and the fact that so large a part of the producers is owned in this city are good reasons why the ore of the Cripple Creek district should be treated at Colorado City

The new mill has our best wishes for its success both in the treatment of ore and as a business proposition There is an unlimited quantity of low grade ore at Cripple Creek and the more mills there are to treat it the better

THE LIVING FLAG.

ONE OF the most beautiful scenes of the Quarto centennial week will be the living flag that is to be composed of school children dressed in red white and blue One meeting of the children has already been held and it was numerously attended but there should be a still larger attendance at the next meeting which will be held tomorrow afternoon at the High school building

Next week's festivities will be most successful if they secure the help of all the people of the city Certainly the children should not be omitted

PROFITABLE INVESTMENT.

IT IS the boast of the city of Colorado Springs that while water is furnished to consumers at a less rate under municipal ownership than is charged where private corporations control the supply, the revenue derived from the sale of water is sufficient to pay all the cost of operation and to afford a handsome profit upon the investment This is what we mean when we say that our city water system pays for itself Not that the city has discovered a way to get something for nothing so that water can be distributed through an expensive system without cost to the users but that the people are able to supply themselves with water at a less cost than they would have to pay to private parties who would undertake this business

The experience of the city along this line is most favorable to the acquisition of subsidiary systems that are already established and have a list of paying customers The Brookside Water company for instance has its mains and its laterals already in the ground and a considerable number of consumers are taking water and paying for it regularly Our experience in the broader field indicates that the city could take over this system supply the Brookside customers secure the surplus for our own use pay all operating expenses and the interest on the necessary bonds and finally wipe out the principal from the revenues secured from water users and that without increasing the charges to any consumer either in this city or in Brookside Ivywild or Cheyenne valley

There is an important difference in this respect between such a proposition as the one offered by the Brookside company or the one that was submitted by the Austin Bluffs company and that of the Seven Lakes reservoir site The one is that of an established business the other that of an unimproved property that may be made useful at some future time

Colorado Springs is already engaged in the water business to the very considerable benefit of its citizens The same considerations that apply to a private business are in force in the matter of water supply The city ought to control it all for this region free from competition and the most favorable opportunities for extension are those where the addition of a list of paying customers is included in the transaction

THE SCHLEY INQUIRY.

IT IS a very good thing that Admiral Schley has at last made a formal request for a court of inquiry and it would be better if he had done so some time ago It is not a desirable thing that a high officer of the American navy who continues in positions of trust and responsibility should be publicly accused of being a coward a caitiff and a traitor and the people have a right to demand from the department and the admiral that a complete investigation be made These charges cannot be ignored They have been publicly made by men and newspapers of high character and standing and they ought to have been recognized long ago

Only narrow partisans will desire to see Admiral Schley convicted of the charges brought against him It would be a deep disgrace to the service and to the country if it should be established that an admiral had shown cowardice in the face of the enemy or had been guilty of any of the acts of misjudgment dishonor or insubordination alleged against Admiral Schley For the credit of the navy we trust that the investigation will show that the charges resulted from an ignorance or a misapprehension of the facts and that the admiral will be able to prove his innocence completely

It will be the general hope that the matter will be settled authoritatively and forever by this court of inquiry The appointment of Admiral Dewey to preside over it will contribute greatly to this result. The public is interested in knowing the facts without partiality or prejudice and they are ready to make their final and permanent decision in accordance with the findings of the court

THE ELKS AT SALT LAKE.

QUITE a notable victory in its way was the securing of the Elks convention for 1902 for Salt Lake City It was supposed that the meeting was safe for some Atlantic locality but once more western impetuosity and the superior attractions offered by the west for summer visitors broke the slate.

The Elks will have no cause to regret their decision and the convention to be held at Salt Lake will be one of the most notable in the history of the order

MILK AND TUBERCULOSIS

DR KOCH is one of the foremost of modern scientists and when he announces anything as a fact it may be depended upon We may therefore consider that it has been proven that human tuberculosis is not communicable to bovines and that it is quite probable that bovine tuberculosis cannot be made a human disease.

The importance of this discovery lies in the fact that milk had been supposed to be one of the principal sources of infection The correction of wrong ideas upon this matter tends to fix public attention upon the real sources of danger and to make it more possible to avoid them One of the most important parts of Dr Koch's address before the British congress was that in which he declared his belief that the stamping out of tuberculosis is a possibility of the future

The discovery that tuberculosis is probably not transmissible through cows milk should not lessen the importance of a wholesome and sanitary milk supply If consumption is not transmissible in this way other diseases certainly are and it remains of the highest importance that milk for household use should be taken from healthy cows and brought to the table under such circumstances as will insure its cleanliness and freedom from disease germs So far as the fear of tuberculosis has been influential in securing wholesome milk it has been a good thing for the public and removal of this chief danger should not cause any of the precautions that have been adopted to be relaxed

Colorado Springs takes an especial pride in gaining and holding the good opinion of sister communities and especially those that are nearest to us The following comment on the Quarto centennial from the Fountain Dispatch is extremely gratifying

> All people in the Fountain valley should make arrangements to attend the Quartocentennial every day We are all proud of Colorado Springs and glory in her prosperity and this will afford us an excellent opportunity to show it by speaking words of praise to any strangers we may fall in with

Colorado Springs was a little late in getting the drilling contest started but the interest taken in the affair has already more than made up for the loss of time

Isn't it providential that the new oil discoveries should be made just as we learn how to kill mosquitoes with kerosene

If the Bender family is really discovered, we will all agree that murder will out—sometimes

FROM THE PRESS OF THE NATION.

Amputation and Long Life

(Iowa State Register)

George F Marks an expert in prothesis the art of supplying substitutes for missing physical members has written an article in which he makes the somewhat startling statement that amputation tends to prolong life He says there appears to be a general belief that amputation of one or more limbs necessarily curtails the allotted years of man according to the extent and gravity of the dismemberment but familiarity with more than 60,000 cases makes it possible for him to refute this fallacy He cites many instances in support of his statements and names Speaker Henderson of Iowa as one He also names Count Okuma the prime minister of Japan and states men like the Vicomte de San Roman of Mexico Maddens of New Zealand Heinemann of Denmark Diaz of Argentina Nikorovicz of Austria and Donaldson of Australia General D E Sickles of civil war fame (now seriously ill by the way) Wade Hampton and General Wager Swayne are others on the list and Marks believes that in the majority of cases men who have lost a limb or two by amputation have lived longer than would have been their lot had they never been injured He points out that insanity among maimed men is unknown and suicide among cripples is almost as uncommon they invariably being cheerful and contented On the whole I think it safe to say that there is generally better physical and mental condition and a consequent freedom from despondency on the part of the maimed By comparison the gouty the rheumatic and hysterical all fall to the sympathy of the crippled It is the rule that Nature follows in compensating us for every misfortune You lose a leg and your arms become very powerful and your chest larger while the loss of an arm results in the strengthening of other limbs and organs The loss of the eyesight develops every other one of the five senses and no matter what the affliction Nature usually compensates in some way or another

Alfalfa's Value in Dry Years

(Topeka Capital)

The dispatch from Chicago stating that it is estimated there that Kansas will lose $100,000,000 by the drouth is a ridiculous misrepresentation Kansas will suffer from a small crop of hay and corn but it was never in better condition to face a dry season Some stock will have to be sacrificed but it will be a small fraction of the vast herds of live stock which Kansas will care for this year

There are millions of bushels of old corn in farmers hands while alfalfa though a comparatively new crop has sprung up all over the corn area and will be valuable feed in place of the other hay and in a measure of corn

The extent of the alfalfa acreage is scarcely appreciated by the crop writers Last year there were but five counties in the state which failed to possess this wonderful drouth resister and all of these counties are in the extreme west which has a good wheat crop and few cattle or hogs Jewell county, one of the strong corn counties of the state had but 90 acres of timothy and 1,880 acres of alfalfa Lyon another corn county had 2,2 acres of timothy and 1,8?1 of alfalfa Sedgwick had ?3 acres of timothy and ?,?95 of alfalfa In Shawnee county there were a year ago ?,?35 acres of alfalfa which is a growing crop all over the corn belt More than one fourth of the total hay crop of this county year before last was alfalfa This year the acreage is increased The first cutting of alfalfa brought a good return this year and with the hay left over from a year ago the county will not be so badly crippled as some reports indicate The acreage of alfalfa in the state as a whole is greater than the acreage of any other tame grass and this being a crop that strongly resists dry weather will be invaluable to the farmers

Hon James B Belford has an article in the Colorado Springs Gazette of last Sunday in response to a request to furnish a diagnosis of the political situation in Colorado In his letter Judge Belford opens with this sentence There is no political situation only a chaos of feeling and sentiment in the two party organizations Judge Belford in his letter states many truths and many other things which do not denote great political acumen But in the sentence quoted above he admits there are but two parties and if this is correct the Republicans will win —(Red Cliff Blade

An eastern man stopping at the Brown Palace hotel remarked that he was very much surprised to see such good daily papers as are gotten out in Denver and Colorado Springs The gentleman was reading the Colorado Springs Gazette when he made the above remark If he will spend the time to look over the state he will find a great many surprises awaiting him and right in his own line (manufacturing) too What's the matter with the Denver people doing more manufacturing here in Denver with the $37,000,000 now on deposit in our banks?—(Denver Searchlight

OPEN PARLIAMENT

The Atlanta Campaign

Colorado Springs July 24

To the Editor of the Gazette

Dear Sir—On the 23rd inst the Gazette quoted from me in kind a few desultory remarks in regard to the anniversary of the battle of Atlanta and the death of General McPherson and it was printed with a greater degree of correctness than such matters generally are which have not been submitted for proof The term Fifteenth corps should have been Fourth corps and Nashville and Franklin transposed as to the Howard assignment as commander of the army of the Tennessee It is a well known fact that General Sherman always called Logan Hooker Blair Jno M Palmer and others political generals but this was of course his privilege and he was supremely honest and candid in his appointments Hooker asked to be and was relieved and Slocum brought from Vicksburg to take his place as commander of the Twentieth corps and Logan's vindication came full soon in the detail made by General Grant himself of Logan as a successor to Thomas who was opposing Hood and Logan was at Louisville Ky on the way to take the command when the battle of Nashville closed the Hood campaign and practically the field service of General Logan ended and to his credit be it said the civil war did not develop his superior for fidelity or ability His was a life worthy of all emulation whether in field or forum Even from boyhood he bore a charmed existence as is shown by the opinion of Dr Logan his father, of Carbondale Ill who when discussing the distribution of his fair sized estate for those times and that place said that he should not feel called upon to do anything for Jack because he could unaided take care of himself and all the rest of the family if the same became necessary and as to the merits or demerits of the others the controversy need not be taken up now as they were heroes all Commissioned non-commissioned or private blue or gray a memorial day for everyone.

E R Clark.

CALIFORNIA BOOKS.

Handsome Series of New and Useful Publications.

The Southern Pacific company has published for free distribution the following books and folders which may be obtained from any Southern Pacific agent, or T H Goodman general passenger agent at San Francisco If you apply by mail inclose a stamp for each publication

RESORTS AND ATTRACTIONS ALONG THE COAST LINE is a handsomely illustrated folder giving a description of the health and pleasure resorts on the coast between San Francisco and Los Angeles

SHASTA RESORTS embellished with beautiful half tone engravings describes the scenic and outing attractions of the vast and wonderful Shasta region the grandest of pleasure grounds

CALIFORNIA SOUTH OF TEHACHAPI tells all about the charms of that remarkably favored semi tropic garden spot of Southern California

A HANDSOME MAP OF CALIFORNIA complete in detail reliable skillfully indexed and full of information about the state's resources It is the only publication of its kind conveniently folded for pocket use

SUMMER OUTINGS is a thirty-two-page folder devoted to the camping retreats in the Shasta Region and Santa Cruz mountains It appeals more directly to that large and growing class of recreation seekers who prefer this popular form of outing

PACIFIC GROVE is the Chautauqua of the west and this folder not only describes the pretty place itself but gives a programme of the religious and educational meetings conventions schools, etc., to be held there this summer

Other publications are Lake Tahoe, Geysers and Lake County Yosemite Hotel del Monte Castle Crags each brimful of information about the places named and printed in the highest style of the art.

A variety of California literature attractively illustrated describing its resources farms resorts and numerous wonders also maps and folders showing routes through trains, and other valuable information may be obtained by addressing William K. McAllister general agent Southern Pacific company, 1112 Seventeenth street, Denver, Colo.

WARD'S DRUG STORE WARD'S

107 E. PIKE'S PEAK AVE.

Gov. Orman Will Be Here for Two Days

Governor Orman and full military staff will be here on the morning of August 2 to participate in the welcome to Vice President Roosevelt They will reach this city early in the morning on ... and will remain until the Quarto Centennial festival is over

Colonel P B Russell one of the members of the governor's staff was here yesterday to make preliminary arrangements for the visit of his fellow officers He said the governor and staff would be in full dress uniform and will take part in the historical parade He was assured by Gilbert McClurg secretary of the executive committee that the members of the staff will be well cared for during their visit

Bosco, Snake-eater, Has Come to Town

Bosco the Snake Eater has arrived

This is the announcement made last night from Elks Street fair headquarters and it means that the whole works has arrived and is being put into shape as fast as possible There is more activity on South Cascade avenue just now than there ever was before or than there is anywhere else in town The merchants are decorating their booths fast and some of them are beginning to take on a very attractive appearance

The fair opens next Monday evening with a grand street parade of the members of the Elks lodge and some of the attractions of the Midway will be in the column After a parade around the streets of the city the line will go to the fair and through the gate and from that moment until the end of the week there will not be a dull moment in the heart of any Colorado Springs person who is willing to go to South Cascade avenue to have it made light

Colorado Springs people will need to attend the fair during the first three days of it if they wish to see it at all The reports from small newspapers and from individuals from all sections of the state indicate that the city will be stormed on Thursday by the biggest crowd that ever got to travelling in Colorado at one time and there is a probability that during the latter part of the week the fair grounds will not hold the people who will want to go there

It will be open Monday night however and there will be a chance for Colorado Springs people and those from Manitou and El Paso at that time Of course if they do not go then they will stand as good a chance as anyone else later in the week but the management feels that the home people ought to go early and let the visitors have a chance at it when the Quarto centennial shall have opened

Court House to Have Furniture of Metal

All the desks tables cases and cupboards in the new county court house are to be made of metal The county commissioners yesterday decided to pay $15 000 for these furnishings which will be the finest in any public building between St Louis and San Francisco

The contract was awarded to the Art Metal Construction company of Jamestown N Y It was not until the commissioners visited public buildings in the eastern cities that they determined to have steel furnishings in the new building In several of the eastern buildings they saw the advantages of the metal desks and other office furniture which will not only last practically forever but are also ... and of artistic design Upon their return the commissioners made a special ... and yesterday the contract was awarded

The metal furniture will not reach here for some months It is to be delivered within sixty days after the contractors are notified the goods are needed

Mrs. Hayes Called East by Telegram

Mrs Jefferson Davis mother of Mrs J A Hayes of this city and widow of the famous confederate leader is seriously ill at Portland Me Mr and Mrs Hayes left yesterday morning for Portland having received messages that her illness had suddenly become worse

Mrs Davis has been in frail health for some time She is about seventy five years old and it is feared that her extreme age and habitual delicacy will aggravate her condition so that she may not be able to survive a continued serious illness Mrs Davis has made her home in New York for many years but always spends her summers on the northern sea coast All the members of the Davis family have at various times visited here but the altitude was too high for Mrs Davis

The love and loyalty of the southern people to the wife of their cherished leader has been tenderly manifested of late by the telegrams and messages of inquiry that have been sent to Mrs Davis during her illness

Alleged Thief Is Going to Fight Case

Charles Smith a colored waiter employed at A H Horton's boarding house No 4 North Weber street who was arrested accused of having stolen $56 worth of jewelry from his employer was arraigned yesterday afternoon before Justice McClelland He denied his guilt and was remanded for a hearing at 2 o'clock this afternoon

Smith was taken into custody after a stolen diamond pin was found in his room There is no direct evidence against him

... Clay the young man whose first trial on the charge of having spanked Policeman Burch's son resulted in a disagreement was acquitted by a jury in Justice McClelland's court

The case of Anna B Hayes vs C F Mather was set for trial on July 31

In Justice Wilgus court the case of the People vs Atkins was dismissed for want of prosecution

Most of the time in the county court these days is taken up by trials of divorce cases One divorce was granted yesterday and another suit was filed

Minnie Miller who began suit for divorce yesterday against her husband Hugh J Miller says he deserted her in April 1900 and that since the following May she has heard no word from him She believes he is now in Mexico where he is employed by a railroad company at a salary of $3 0 a month Mrs Miller supports herself and daughter by running a rooming house in Colorado City

In the divorce case of Woodruff against Woodruff a jury returned a verdict for the plaintiff

A verdict for the defendant was given in the case of Weirauch vs Holden

TO TAKE SECREST BACK TO MISSOURI

An officer from California Mo will arrive in the city today to take charge of A Carleton Secrest arrested by the local police Monday night on instructions from Missouri where Secrest is wanted to answer to a charge of felony

Since the man was taken for an offense alleged to have been committed in another state the authorities have not permitted him to see friends who have called at the jail They will all be admitted today if the California officer thinks it advisable

ANTLERS PHARMACY CO. FILES A CERTIFICATE

The Antlers Pharmacy company which is establishing a drug store in the Antlers hotel filed its certificate of incorporation yesterday in the office of the county clerk The capital stock of the company is $10 000

The three incorporators who comprise the board of directors for the first year are James M Botter William C Bispham and Eugene Durfee The company is incorporated for 20 years The drug store at the Antlers will be one of the best equipped in the west

HOUSTON LUMBER CO. HAS FILED A LIEN

A lien statement of the Houston Lumber company against the Colorado Springs company was filed in the county clerk's office yesterday The lien is to secure an alleged debt owed the lumber company by the St Louis Expanded Metal Fireproofing company

The lumber company was a subcontractor supplying material to the St Louis company It is alleged that the St Louis concern owes the Houston company $115 for material

SHORT LINE TO RUN A MOONLIGHT TRAIN

A moonlight excursion is the latest example of the enterprise of the passenger department of the Short Line Next Tuesday the moon will be full and that evening a special train will carry a party of ... persons to Summit and return

The train will leave the Rio Grande depot at 7 30 in the evening and will return at about 10 15 The sale of tickets is limited to 5 and every one will be comfortably quartered on the train Tickets will be sold only at the depot They will have attractive coupons attached for the excursion and to save as souvenirs of the trip

A number of parties have already been made up for the excursion by persons stopping at the different hotels

OF SPECIAL INTEREST

To Hay Fever Sufferers

Sufferers from hay fever and summer catarrh will be interested to learn that there is a new simple inexpensive but effective home treatment for this obstinate and baffling disease and that a little booklet fully describing the treatment will be mailed free to anyone by addressing the F A Stuart Co Marshall Mich

Doubtless this statement of a cure and positive preventative of hay fever will be received with skepticism by the thousands who have found the only relief every year was a change of climate during the summer months

But whether skeptical or not it will cost nothing to investigate this new treatment Simply send name and address on a postal card to F A Stuart Co Marshall Mich for the booklet which besides describing the treatment contains a concise treatise on the cause and character of this peculiar disease

RED BIRD ORE

Lessees Are Preparing for Large Shipment---Good Looking Vein Found in 250 Foot Level of the Pauper.

Special to the Gazette.

Cripple Creek, July 24.—The Ideal Leasing company, operating the Red Bird claim of the National company on Gold hill, have 40 tons of ore in the bins ready to ship, but will not send out the consignment until considerable has been added to it. The ore is expected to return between two and three ounces in gold to the ton. It is from the 300 foot level in the National Marquesa vein. The lessees are working two machine drills at this depth and besides drifting they are crosscutting for parallel veins. No sinking is being done at present, although the contract calls for considerable of this work.

Several applications are in for the lease on the workings of the Pharmacist claim, which has until recently been operated by Alstead & Co. In all probability the company will grant a new lease in a few days, as there is good ore exposed in the 100 and 500 foot levels of the mine. All of the other leases on the property are doing well and operating more successfully than the company could possibly have done on its own account.

Operations on the main block of the Atlanta of the Gilpin & Cripple Creek company on Bull hill have been suspended. The company resumed work there but three months ago, sinking the shaft to the 450 foot depth, at which point drifting was run for 100 feet on a large vein which showed little ore. Since then lessees have taken up the development work, but were not successful in finding pay values.

Perry Ferguson & Co., leasing a block of the Wilson of the Free Coinage company on Bull hill, have drifted on the ore body at the 250 foot level, saving considerable values, and will make a shipment in a few days.

The Practical M. & I. Co., operating the Pauper near Independence, has crosscut for 20 feet in the 250 foot level, with the result of finding a fine appearing vein. The further wall of the vein has not yet been penetrated. No assays have been had, but as the vein is probably the same which was worked in the 125 foot level it is good for a high grade of ore. Another vein should be cut in 10 feet of additional crosscutting.

It is reported that a large body of four ounce ore has been opened in W. S. Stratton's Shurtloff claim on Bull hill. This property is being developed by a long crosscut at the 800 foot level of the Eagle shaft.

On the Seven Thirty lease of the Nabob company the shaft, which is being sunk by contract, is down to the 65 foot point, and lateral work will be commenced within the next 20 or 25 feet of sinking. In putting down the shaft good assays were had from a vein near the wash, and a wide phonolite dike was penetrated a little farther down the hill, which indications are regarded as very favorable by the management of the Nabob company. The property is located near the Cameron townsite on Bull hill.

GOOD FOR THE SEDAN

The Remission to the District Court of Teller County Will Enable the Case to Come to a Speedy Trial

An officer of the Sedan Gold Mining company stated yesterday that the action of Judge Hallett in sending their case with the Fort Pitt company back to the district court of Teller county was very much in their favor, as it would enable the case to come to a hearing in a short time.

"It is not unlikely," he said, "that the case would have been postponed even if it were allowed to remain within the jurisdiction of the United States court, and then there would have been a succession of delays. As it is we shall go right to work to get a dissolution of the injunction from Judge Seeds, who granted the injunction when we first filed the suit. If we can not get this the case will come to a speedy trial, as the court is not very busy at this time of the year, and we are entirely prepared to have the case called up.

"The Sedan company has followed the vein clear across its claim and found it to enter one side line and go out through the other, just the course which they originally supposed it followed. For a while in their work of proving up they followed a spur of the main vein, but returned to the latter and followed it to the line. At intervals a stope has been carried through the surface in ore and the vein has been traced all the distance on the surface.

"We can start shipments just as soon as the injunction is dissolved, and for that reason we are anxious to push the thing through to a finish without delay. I look for a general activity in Galena hill just as soon as the Sedan is able to market the ore which now stands ready to be shipped or broken for shipment."

BALD MOUNTAIN PLACER CO.

Grants a Lease to E. A. Street---The Showing in This District, Which Is Only 14 Miles From Town, Is Very Similar to That of Cripple Creek

The Bald Mountain Placer company, composed mostly of Colorado Springs people, has executed a three years lease to E. A. Street of Bald Mountain on their placer ground on Bald mountain near the head of the east fork of Ruxton creek. This property is similar to the famous Hull City placer of the Independence Town & Mining company, and results are looked forward to with much interest. A contractor will be placed on the workings and development work pushed by the lessees. There is a great deal of activity manifest on all parts of Bald mountain; several rich discoveries have recently been made and this section of country lying partly in El Paso county and partly in Teller county bids fair to become another rich gold camp. It is nearly 2,000 feet higher than Cripple Creek and from the top of Bald mountain looks down upon the great mines of the Independence and Portland. It is believed by many prominent mining men to be the beginning of the Cripple Creek gold belt. The formation in every respect being similar to that great camp, a great deal of development work has already been done showing good mineral in place, and new locations are being quietly made and necessary work performed. The ledges crop out prominently and the veins are large.

The camp is about 14 miles west of Colorado Springs or midway between this city and Cripple Creek, about four miles northwest of the new Cripple Creek Short Line and three miles south of the Cog road.

Prospectors and others who are interested in this locality are quite enthusiastic over recent rich discoveries and the future outlook, and a boom of the camp has been studiously avoided, possibly for personal reasons. Some good sales are now pending, but they are kept from the public for the present.

DEAL DIDN'T GO THROUGH

The Proposed Tenderfoot Consolidation Merger Was Objected to by Several Proposed Parties to It---New Deal Is Projected

The deal which was proposed by the directors of the several companies in which the Reed Investment company of this city is interested did not go through yesterday, owing to an objection being made by a minority of the stockholders of the Dante and Robert Burns companies, and the majority did not wish to force the matter. The Dante lessees also withdrew.

The meetings of the Tenderfoot Hill Consolidated, Fauntleroy and Dante companies was held yesterday morning, at which there was a good representation of stock present. It was learned that before the first named could enter the deal the Altamont company, which owns 300,000 shares of the stock, would have to hold a meeting, and some of the Dante stockholders thought they were not getting a fair show in the proposed merger.

In the afternoon the Robert Burns and Golden Terry companies held their meetings, and while the latter was willing to enter the combination it had developed that some good discoveries in the neighborhood of the Robert Burns Beacon hill ground had made that company's property more valuable, so that it would be unjust to them to be included at the original figure.

Accordingly it was all declared off, but a new one is being projected which will take in the Tenderfoot Consolidated, Ramona and Fauntleroy and possibly the Golden Terry. It is proposed to organize a company with a capitalization of about $2,000,000, but the details have not yet been arranged. It will be necessary to call further meetings, and until Mr. Otis returns from the east, which will not be for several weeks, it will be impossible for the Altamont company to hold its meeting to decide whether or not it will vote its 300,000 shares of Tenderfoot hill stock in favor of the consolidation or not.

DANTE GRANTS A LEASE

To Messrs. Cheshbach and Huntsman on the Close Shave Block---The Lessees Will Start Work at Once in Ore

The directors of the Dante Gold Mining company have just granted a lease on the Close Shave strip of the Dante claim to C. C. Ceshbach and L. Huntsman for the term of 18 months, and with the stipulation for good royalties and 200 shifts a month. The lease limits operations to a depth of 400 feet below the surface.

This is the block formerly operated by Stumpf and Myers, who before they were obliged to give it up for ulterior reasons were making a very good thing out of it. A good shoot of ore had been opened from which regular shipments were being made, and the rock was averaging better than $40 in gold to the ton. The present lessees will do a large amount of development work to open the shoot more extensively and expect to begin shipments very shortly.

The lessees on the two other blocks of the Dante claim are working with considerable encouragement, and desultory shipments are marketed from the same shoot opened in the Close Shave block. The Dante is now under full operation and is in shape to make a fair production from the ore which has been opened up.

POINTER APEX NOT A JOKE

Denver, Colo., July 24.

To Mining Editor Gazette.

We note that in this morning's issue of the Gazette an article headed as follows: "The Matter with Pointer. Talk of Apex Suit Said to Be Unfounded." The article then to some extent is a repetition of many former ones that have appeared in various papers, and all of which are, we believe, inspired by parties who are anxious to see Mollie Dwyre stock decline. The article in question makes several statements that would make it appear that your correspondent at Cripple Creek is either purposely misleading you or is being misled. It is stated that one of the best posted mining men in camp states that the apex talk is simply a joke. Now we will repeat what we have said before, that we answer these articles only because while we control the Mollie Dwyre company we do not intend that Mollie Dwyre stockholders shall be misled by false representations. In the first place, if the talk of apex suit was merely a joke, why on earth should Pointer people be so anxious to secure control of Mollie Dwyre company? The undersigned controls the Mollie Dwyre company and we wish it distinctly understood that the talk of the apex suit is not a joke, and furthermore that we believe that the Mollie Dwyre claim has the apex of the Pointer vein. Recent work done on the Mollie Dwyre claim has opened up a vein at three different points and we believe it probable that further development work which is now in progress will prove this vein to be the apex of the Pointer vein. We are simply anxious to protect the interests of the stockholders of the Mollie Dwyre company, but in our endeavor to do so we are greatly hampered by the numerous articles that appear from time to time to the effect that there are no chances of the Mollie Dwyre having the Pointer or Mint vein. We are working in the interests of the Mollie Dwyre company's stockholders only and we can assure all stockholders that we believe that the Mollie Dwyre ground will be found to have a large portion of both the Pointer vein and the Mint vein, and we also believe it probable that the Mollie Dwyre ground will be found to have the apex of one or both of the Pointer and Mint veins.

(Signed) Ramsay C. Bogy,
H. H. Dorsey.

MINING NOTES AROUND TOWN

H. H. Barbee returned yesterday from Ouray, where he went to look over the property of the Ouray Mining & Milling company, in which he is extensively interested. Work has not yet been started, but Mr. Barbee reports that the outlook is so favorable that operations will probably be started soon. The company owns ground between the Camp Bird and the Revenue, covering the main vein and a large portion of the hill further down the hill. Mr. Barbee states that both the Camp Bird and the Revenue are making a record breaking production and that the whole San Juan country seems to be attracting a very large amount of interest. The Ouray company was organized last spring and is controlled by Colorado Springs mining men.

LEASE GRANTED BY EMMA AIMEE COMPANY

The directors of the Emma Aimee company have just granted a lease on the north 500 feet of their claim on Bull hill to Mintz and associates. The lease will run for 18 months, calls for 30 per cent flat royalties and 15 feet of drifting or crosscutting or 10 feet of sinking each month. The lessees are also operating on a block of the Magna Charta adjoining and expect to open one of the same veins which is showing there. The directors are considering a lease on the south 500 feet, which will probably be granted in a few days to responsible persons. The company is not proposing to work on its own account, and probably will not until the price of the stock rises sufficiently to allow them to sell some treasury stock at a reasonable figure.

PROSPECTS FOR OIL ON A FLORENCE FIELD

E. V. Cumberford, secretary of the Colorado Springs and Florence Oil and Coal company, returned from Florence yesterday, where he went to look over the company's ground. He reports that drilling has been resumed after a delay, and that the well is to be pushed down rapidly from the 600 foot point, which it has reached. There was some difficulty in procuring the steel casing due to the strike, which caused the delay. Oil is now being floated up the water which is poured in to float out the rock, and the outlook is most encouraging. They do not expect to strike a good flow of the oil above the 2,000 foot depth.

PARALLEL VEIN CUT IN THE COLUMBIA

In crosscutting west from the bottom of the 400 foot shaft on the Cripple Creek Columbia property the first parallel vein has just been encountered and found to be of the same width and richness which it was above. The three feet of ore which has been exposed will average at least $40 in gold to the ton, and there is 60 feet of stoping ground which will be available just as soon as a drift can be run out to the shoot. The returns from the carloads shipped in the past few days are running between $40 and $50, and the regular output of the Columbia block is being maintained without the slightest difficulty.

PRESIDENT IS AFTER BUSINESS

D. V. Donaldson, the newly elected president of the Colorado Springs Mining Stock association, will leave the first of the month for a 30 days trip to the eastern cities in the interests of the exchange. It is his object to learn what would likely be the most effective way of advertising Cripple Creek and the local mining market. He will visit all the large cities and some of the smaller ones where he is interested in mining. Mr. Donaldson does not advocate the plan which has been proposed by Mr. William Barsodi of New York, but is of the opinion that if the mining stock quotations were furnished daily to those who were most interested in mining stocks and in Cripple Creek, the most benefit would accrue to the brokerage business of this city.

A FATAL MISTAKE

Is Often Made by the Wisest of Colorado Springs People

It's a fatal mistake to neglect backache.

Backache is the first symptom of kidney ills.

Serious complications follow.

Doan's Kidney Pills cure them promptly.

Don't delay until too late.

Until it becomes diabetes—Bright's disease.

Read what a Colorado Springs citizen says:

Mr. David DeGraff, of 115 N. Weber street, says: "If I did not find that Doan's Kidney Pills keep kidney complaint in check, if they had not helped me from the first dose I took, I never would have bought seven half dozen boxes at Jones & Wellington's drug store, 10 N. Tejon street, neither would I have given two boxes to a friend of mine interested in mining property, nor could I be induced to recommend the preparation."

For sale by all dealers, price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's—and take no substitute.

COLORADO SPRINGS MINING STOCK EXCHANGE

Springs July 24—The market was in the same extremely [illegible] on and prices were slightly [illegible] n yesterday. The number of orders on the floor could be [illegible] the fingers so far as results [illegible] erned and it was evident that [illegible] some forced selling espe[illegible] or Jack Pot in which con[illegible] a l shaky owing to the [illegible] ation. The feeling of the [illegible] less as concerns any [illegible] improvement in the market [illegible] ould be very strange if one [illegible] The brokers never accomplish anything [illegible] they feel this way.

Doctor went off to 60 [illegible] the afternoon and El Paso slumped to 46⅞. Gold Dollar however was still in demand at 16[illegible] the trading in this stock having been very lively on both calls and Pointer was stronger selling up to 8½. Acacia achieved a very notable advance due to the reports of a strike on the Hiles lease touching 15[illegible] in the morning. Sedan was also a little stronger at 6½ owing to the [illegible] of the suit to the district court of Teller county. The majority of the stocks were inactive.

FASTERN MARKETS

New York July 24—The dullness and the feeble fluctuations in prices in today's stock market reflected the flagging of speculative interest which is usual after an active speculative movement has expended itself and has been followed by reaction. By this morning the fact had become quite obvious that yesterday's violent variations in the prices of stocks had been principally based on the relapse in the grain markets rather than on any actual news from the grain crops. The consequence of this revised view of yesterday's movement was some renewed misgivings lest yesterday's reported benefit from rains had been overstated. These misgivings were accentuated by published estimates from exhaustive inquiry showing heavy damage already inflicted upon the corn crop. The sharp opening declines however met considerable effective support and substantial rallies followed. The weakness was again renewed in the stock market when the grain markets opened and showed notable strength both for corn and wheat the resulting declines in stocks exceeding those at the opening and extending from the grangers to other portions of the railroad list. The tendency among the speculators that are conceding substantial damage to the corn crop the decline already effected in prices in stocks has fairly discounted this damage. Another party argues that prices of stocks are still unduly high compared with previous years notwithstanding the wide declines that have occurred from the year's high level. Thus there is room afforded for two contending parties in the speculation and the irregular fluctuations in prices which constitute what is called a traders' market. Money market considerations [illegible] in loom into some prominence as a factor in the activity of speculation. It is realized that the heavy liquidation in stocks of the last few weeks had in view preparation to meet the crop moving requirements and not renewed speculation. The transfer of funds from New York through deposits at the subtreasury is the signal that crop requirements have begun. The necessity must thus be recognized of adjusting speculative demands upon the money market to this prior and more urgent requirement. The lack of definite conviction regarding the outlook was evident from the confused and irregular movement of prices. An attempt was evident to lead an upward movement by bidding up Union Pacific and the Wabashes and there was some show of firmness among the southern railroads and seaboard soft coal carriers. But the market yielded at the last to renewed weakness when the room traders attempted to take their profits and the lowest prices for the grangers and Pacifics were made slightly before the close which was feverish and irregular. At the lowest the declines were Missouri Pacific 3¼ St Paul 3¾ Union Pacific [illegible] Atchison [illegible] Kansas and Texas preferred 2¼ while in the general list declines of one to two points were very general.

The railroad bond market was [illegible] and heavy. Total sales par value $[illegible] 215,000. United States new [illegible] declined ¼ per cent on the last call.

Chicago Grain and Provisions

Chicago July 24—There was a diminution of excitement in the grain trade today but the weather remained menacing and prices advanced. wheat closing 1⅞c corn 1¼@1¾c and oats 3@3½ higher for September delivery. Provisions ruled dull and closed irregular.

Strength at Liverpool and in northwestern markets apprehension over the corn situation and the dry weather map caused an opening advance in September wheat of 1⅛c to [illegible]c sales being made at [illegible] to [illegible]c. A prediction of showers in the spring wheat country and weaker late cables induced active liquidation following the opening and September declined to [illegible]c. Damage claims from the northwest and reports of hot weather in that section later rolled recent converts to the bull faith and the result was a sharp advance to [illegible]c the market closing strong, soon after September [illegible]c higher at [illegible]c.

Local receipts were [illegible] cars [illegible] of contract grade.

Minneapolis and Duluth reported 148 cars against 1[illegible]6 last week and [illegible] a year ago. Primary receipts were 1 340 000 bushels compared with [illegible]4 000 bushels a year ago. Seaboard clearances in wheat and flour were equal to 6[illegible] 000 bushels. Exports reported [illegible] loads taken.

Corn ruled active and strong. Throughout the heat stricken belt no rain was in sight save in Iowa where some rain was said to have fallen. The situation in Missouri and Nebraska was said to be practically past hope while it was taken for granted that the Kansas maize fields had been wiped out. These items however were not new to the traders and while the price level remained well above yesterday's close [illegible] checked the opening advance the country and local demand [illegible] this way. September opened from [illegible] to [illegible]c sold to [illegible] and closed 1¾@1⅞c higher at [illegible]c. Receipts were 1[illegible]4 cars.

Country holders of oats sold continuously throughout the session offerings being the heaviest in days. There was a good local demand in sympathy with corn and the market but the liquidation depressed prices to yesterday's low point before the buying became sufficient to stem the tide. Purchasing orders from the farms during the afternoon reinforced the bull ranks. The [illegible] part of the decline was recovered. September closed 3¼c at 1 3[illegible] and closed 3½@3¾c higher at 38[illegible]c. Receipts were [illegible] cars.

Provisions were dull and featureless. Prices were easy at the opening but steady [illegible] slightly later in sympathy with the grain markets. September pork opened 5c lower at $14 [illegible] September lard 2½c higher at $8 [illegible] and September ribs 5c up at $8 0[illegible].

Estimated receipts tomorrow: Wheat [illegible] cars corn [illegible] cars oats 10[illegible] cars hogs 2[illegible] 000 head.

WEEKLY CROP BULLETIN

Denver July 23—U S Department of Agriculture Climate and Crop Bulletin of the Weather Bureau Colorado section for the week ending Monday July 22 1901:

The past week has been exceedingly warm throughout the agricultural districts. In the western counties on the northern slope of the Arkansas-Platte divide and along the eastern border the mean temperatures have been five degrees to eight degrees higher than normal but the excess was less marked in the south central counties. The rainfall has been confined to small areas along the eastern foothills but beneficial rains in Pueblo [illegible] also and localities in Weld and Larimer counties.

The harvest of winter wheat is well under way and that of early sown wheat, rye and barley has begun in some of the northeastern counties where many fields will be cut for fodder. Irrigated crops as a rule are in good condition, early corn is in silk or tassel but late corn and potatoes are generally in need of rain. Early potatoes are being shipped from the Grand and Uncompahgre valleys and apples are in market. Sugar beets, cantaloupes and melons are making satisfactory growth but insects are injuring the first named crop seriously in localities. Winds and high temperatures have caused considerable dropping of fruit. The water supply is diminishing steadily and many ditches are dry. Ranges are failing rapidly.

Those who live on farms are liable to many accidental cuts, burns and bruises which heal rapidly when Ballard's Snow Liniment is promptly applied. Price [illegible] and 50 cents. Hefley Arcular [illegible] Drug Co [illegible] South Tejon street.

CHEAP RATES EAST
VIA COLORADO & SOUTHERN RY

Quarto-Centennial at Boulder, August 1 2 and 3

Grand celebration of the Quarto-centennial of the admission of Colorado to statehood will be held at Boulder August 1, 2 and 3 1901. A program of great variety and excellence has been arranged for a fitting observance of Colorado's birthday. The celebration will be ushered in by a magnificent parade on the morning of Aug 1. The First Regiment of the Colorado National Guards with Governor Orman and his resplendent staff will lead this

GRAND PAGEANT

of military and civic bodies with historical floats and vehicles typifying the progress of the Centennial state.

The great Chautauqua Auditorium will be thrown open free to the public and here will be heard Governor James B Orman, United States Senators Teller and Patterson, Congressman John C Bell, Lieutenant Governor Coates, ex-Governor Charles S Thomas, Speaker Montgomery, Mrs Helen L. Grenfell, Senator Barela and other distinguished Coloradoans.

A chorus of 500 voices under direction of Prof Louis Fischer and a varied program of music instrumental and vocal by the best talent Colorado affords.

At night a grand free entertainment at the Chautauqua.

For the three days a half dozen brass bands have been engaged.

The First Regiment of Colorado National Guards will be in encampment at Boulder for the entire week beginning July 31. Dress parades every evening.

August 2—Great state rock drilling contest, entries from nearly every mining camp in Colorado. For these contests

$1,000 IN PRIZES

have been offered. There will be double hand single hand contests for men and the same for boys. These will occur in the great Chautauqua auditorium and several contests will go on at the same time. A stamp mill concentrator and electric drills will all be in operation and illustrate mining and crushing of ores.

GREAT FIREMEN'S TOURNAMENT

will be held Saturday Aug 3. Straight away races wet test, dry test and foot races. For these events the citizens of Boulder have subscribed liberally.

The rates from points on the Colorado & Southern railway are going to be very low indeed.

Burlington Route

ON THE REAR of the CHICAGO SPECIAL

The last car of the Chicago Special is a buffet smoking library car with an observation platform.

Inside it is very similar to the library car formerly in service on this train.

Outside it is altogether different.

The observation platform adds greatly to the appearance of the train. It's convenient too—finest place in the world to sit and look at the scenery—including the Burlington's steel rails.

Leaves Denver 4 p. m.—arrives Omaha 6 45 a. m. Chicago 8 20 p m.

Special to the Gazette

Denver July 24—Today's game was devoid of all wrangling and in consequence was played in [illegible] hour and twenty minutes. It was a [illegible] pitchers' battle with honors about even. St Paul was the luckier of the two [illegible] hits they made [illegible] after the sixth inning. Denver [illegible] four hits in the sixth inning [illegible] fielding on the part of St Paul [illegible] slow running by Denver netted [illegible] one run. The features of the game were Ratcliffe's excellent fielding and Left Fielder Jones' catch of a fly [illegible] between center and left fielder that appeared good for home run.

Time of game—one hour and twenty minutes.

RAIN SAVED SOME ONE FROM DEFEAT

Rain saved the Millers yesterday but the weather man permitting another defeat will be given them today. Local fans were greatly disappointed yesterday that they could not see a battle between Parvin and Whitridge but the managers have arranged to pitch these two men again. Whitridge told his old friends on the streets in the morning that he was going to shut out the wealthy men. He is determined to show Hulen and Donahue that they made a big move when they traded him for Parvin and that the next thing they can do is to negotiate for his purchase. Old Whit says he won't allow the Millionaires to make a single hit off him.

No double header will be played in this series. The game postponed from yesterday will be left over until the Millers come here again. It will be played on the local diamond and not in Minneapolis.

The team will line up in the field today just as they did Tuesday.

SADLER AND MURRAY MATCHED FOR A RACE

Dick Sadler of Colorado Springs and Joe Murray of Cripple Creek have been matched for a 100 yard dash. Dewey Stockbridge conducted the business. The race will be for $1[illegible] a side and will be run on August [illegible] at Washburn field just before the baseball game.

Sadler who is backed by Stockbridge is said to have done the distance in 10 flat. He is now at Limon but he will come to the city at once and begin training.

Murray is well known to local sports. He has won a number of races in Colorado City and Cripple Creek and is able to make fast time. Several prominent business men will act as the judges.

Moberly Won Place in Newsboys' Race

The third annual road race of the city newsboys was run yesterday morning at Prospect lake. The race was for five miles on the mile and a quarter track and good time was made considering the condition of the track which was heavy with sand. Great interest was taken in the contest by the boys and the run was a lively one from start to finish. The successful riders and the prizes received were as follows:

F Moberly first place prize suit of clothes, third time watch donated by H[illegible] Bros.

Alfred Johns second place pair of bicycle shoes donated by Herring's shoe store, pair of bicycle stockings donated by A H White, bottle of perfumery donated by C E Smith and a [illegible] donated by O[illegible], second time watch donated by Waverly Cycle company.

Alle Hanselmann third place box of [illegible] donated by Mash and knife by Lowell Meservey Hardware company, fourth time electric bicycle bell by L C Wahl.

George Elstrom fourth place camera by Hefley Arcularius Drug company, Dewey gun by L J Parker first time, $3 pair of shoes and knife by A S Blake, box of candy by Walling.

Charles Johns fifth place book by Foltz & Hardy and drinking cup by Waverly Cycle company.

Alva Henderson sixth place box of candy from Mueth and a bell from the Waverly Cycle company.

William Hayden seventh place pair of toe clips and bicycle lock from Waverly Cycle company and a wrench from the Hext Music company.

Tom Schumacker eighth place ball and bat from Strang Bros.

Others who [illegible] but did not receive prizes were Kellogg Pratt Custer Warland Smithline.

The winners of the time prizes were the following:

George Elstrom 18 minutes 3 seconds; Alfred Johns 18 minutes 15 seconds; Moberly 19 minutes; Hanselmann 19 minutes 3[illegible] seconds; Hayden 19 minutes 38 seconds; Henderson 19 minutes 55 seconds; Charles Johns 21 minutes 9 seconds; Schumaker 22 minutes.

COONS WAS WILD

St. Joseph July 24—St Joseph won today's game by excellent hitting and the wildness of [illegible] giving bases on balls when [illegible] runs. Score:

SLUGGING MATCH

Brooklyn July 24—Today's game was a slugging match in which four pitchers were used. Phyle lasted one inning and Donovan was sent to the tall weeds in the sixth. Taylor who went in for Phyle was batted hard in the second but after that held the Brooklyns under control. Attendance 5000. Score:

R H E
New York 4 0 0 0 3 1 0 [illegible] 0—[illegible] 18 4
Brooklyn 3 4 0 0 [illegible] 0 0 0 1—8 14 3

Batteries—Phyle Taylor and Smith; Donovan Kennedy and Farrell.

Earned runs—New York 6 Brooklyn 4. Two base hits—Davis Hickman. Three base hits—Davis Kelly. Home run—McCreery. Base on balls—off Donovan 1 off Kennedy 1 off Phyle 2 off Taylor [illegible]. Struck out—by Donovan 4 by Kennedy [illegible]. Umpire—Dwyer.

GAVE BASES ON BALLS

St Louis July 24—Rube Waddell gave bases on balls which resulted in the two runs and these won for St Louis. Chicago's one run was scored on singles by McCormick Kahoe and Hartzell. Attendance 1[illegible]. Score:

R H E
St Louis 0 1 0 0 1 0 0 0 *—2 [illegible] 1
Chicago 0 0 0 0 0 0 1 0 0—1 [illegible] 1

Batteries—Murphy and Ryan; Waddell and Kahoe.

Earned runs—Chicago 1. Two base hit—Wallace. Three base hit—McCormick. Base on balls—off Murphy 1 off Waddell 3. Struck out—by Murphy 4. Umpire—Nash.

BOSTON STILL LOSING

Philadelphia July 24—Philadelphia defeated the Bostons today for the third time this week in another close and sharply played game. Donohue pitched an excellent game and the work of Pittinger was also of a high order. Attendance 3000. Score:

R H E
Boston 0 0 0 1 0 0 0 0 0—1 4 0
Philadelphia [illegible] 0 0 0 0 0 1 1 *—[illegible] [illegible] 0

Batteries—Nichols Pittinger and Kittredge; Donohue and Jacklitsch.

Earned runs—Philadelphia 3. Two base hits—Kittredge Cooley Flick Jacklitsch. Three base hit—Cross. Base on balls—off Pittinger 6 off Donohue [illegible]. Struck out—by Pittinger [illegible] by Nichols 1 by Donohue 3. Umpire—Emslie.

SCORED IN EVERY INNING

Pittsburg July 24—The game today was [illegible] with the exception of base ball. The score tells all the story. Attendance [illegible]. Score:

R H E
Pittsburg 1 1 [illegible] 1 2 1 1 *—11 14 [illegible]
Cincinnati 0 0 0 0 [illegible] 0—[illegible] [illegible] 3

Batteries—Tannehill and Zimmer; Phillips and [illegible].

Earned runs—[illegible]. Three base hits—Beaumont Ritchie 2 Tannehill. Base on balls—off Phillips 2. Struck out—by Tannehill 6 by Phillips 4. Umpire—O'Day.

RECEPTION WAS A ROUSING ONE

Prominent Citizens and Distinguished Visitors Present at the Montgomery Residence Last Night.

The reception tendered to General Secretary H J McCoy of the San Francisco Young Men's association at the home of Mr and Mrs W H Montgomery 1025 North Nevada avenue last night was one of the most enthusiastic receptions ever held in the interest of the Y M C A in this city. The business men of the city were well represented and besides the guest of honor Mr McCoy there were present State Secretary W M Danner and Captain Christian of the Houston Texas Y M C A.

Mr O B Bennett was chairman and he opened the reception by a few remarks in regard to the present state of the Y M C A in this city in regard to finances. He spoke of an enthusiastic meeting held about a year ago at the residence of Judge Gunnell at which Mr McCoy was present and said that at that time the local association received great encouragement from the remarks of Mr McCoy. Mr Bennett stated that the first lot the association owned was on Tejon street and was purchased for $10,000. Tomorrow this lot will be sold for $14,000. The cost of the new building will be $50,000 of which $31,000 has been raised by subscription. The foundation is now being laid and will be completed four feet above ground by September 1. The gymnasium will be completed and in working order by the first of next year and the remainder of the building a few months later probably in February. Mr Bennett paid a high tribute to Mr W H Day the local secretary and closed his remarks by introducing Mr Danner.

Mr Danner said that he would like to be able to find words to express the complimentary feeling he has for this city and the work being done by the Y M C A here. He said that he sincerely desires to see the first building in the state erected here and that it would do the Y M C A in the west more good than anything else could. He spoke of the difference between this city and Denver along these lines. That association purchased a lot some time ago for $75,000. A few months after they forfeited it and the Y M C A bought it for $14,000 and erected a building [illegible]. Mr Danner named a number of cities in the central states which have association buildings and compared them with Colorado Springs to show that this city was not asking anything unreasonable when a $50,000 building was asked for. He said that a large subscription would give an impetus to the work of raising money and that this should be secured at once.

Dr Wilcox pastor of the First Methodist church was then introduced and spoke for a few moments on the work of the Y M C A from a pastor's standpoint. He said that the pastors of the city would be glad to do all in their power to aid the work and that a building of this kind is almost a necessity owing to the large number of strangers who visit the city every year and have no place to spend their idle moments. He closed by assuring the association of his sympathy and that of the pastors of the city.

The next speaker was Mr McCoy. He opened his remarks by saying that he was glad to be present at such a gathering. He said that in another year he hoped to be present at the opening of the new building. He gave a brief history of the association from its start in London many years ago and told of the different branches of the work. He is now returning to his home in San Francisco after attending the jubilee in Boston. At this jubilee most of the nations of the world were represented either by cablegrams or delegates and in addition the navy, railways, colleges and India were represented. Mr McCoy started out [illegible] years ago to devote the remainder of his life to the Y M C A work. He was located for nine years in Lowell Mass and for the past 20 years has been in San Francisco where a $[illegible],000 building was erected a short time ago. He told of the meaning of the association and how it came in contact with a class of people who were not able to be reached even by the church. He urged the necessity of donations and work on the part of the committees. Get the right man on the right committee and go after the dollars, he said. It will not do to ask a man to give before he is well acquainted with the matter. Get him to thoroughly understand the work of the Y M C A and if he is liberal at all he will give something. He pressed the people of Colorado Springs with the importance of the work. Mr McCoy then told some personal experiences in regard to the Y M C A school work to demonstrate the practical knowledge acquired by the average young man who attends the schools when he does not have time to go to high school. He closed by saying that when he began his work 29 years ago there were but [illegible] general secretaries whereas the number now reaches 1400.

Captain Christian was then introduced and he urged the necessity of an earnest and diligent canvass for money. He told of experiences which have come under his personal observation and added his words of good will to those of the preceding speakers.

The last speaker was Col B F Montgomery speaker of the house of representatives in the last state legislature. He said that he was glad to welcome such a gathering under his roof. He said it was not worth while to argue the merits of such a building as was intended for this city. The practical question is how to accomplish it and in a city which has more wealth concentrated within its limits than any other city of its size in the country it should be comparatively easy. He said that the campaign should be carried on with a good deal of determination and energy enough behind it to push it to a successful completion.

This ended the addresses and some time was spent in discussing the matter in an informal way while refreshments were served. The meeting was full of enthusiasm and the building campaign will now be renewed with fresh energy and vigor.

It was stated that the contract for the building outside of the foundation would all be let to one man and that the architect is now preparing specifications for it. These will be ready in two weeks and soon after that the bids will be advertised for.

HERPICIDE
All Ladies like soft, thick, glossy hair
Such as Newbro's Herpicide produces because they realize that it increases their beauty fully 100 per cent. All ladies who wish to give Newbro's Herpicide a trial will soon become convinced of this fact, because by destroying the [illegible] germ at work upon the hair root, it makes dandruff falling hair and thin brittle hair impossibilities.
Gentlemen
find it equally as valuable, for it works like a charm, even upon bald heads.

WILD FLOWER EXCURSION

420 Miles of Grand Scenery

We will just go on that Wild Flower excursion that the Colorado Midland railway has on Thursday July 25. Say there is without a doubt the finest day's outing in the state for those observation cars are just fine. The train goes through Eleven Mile canon, crosses the Platte river 1[illegible] times and into South Park and the flowers are thick. The train also stops from 10 to 20 minutes at all places of interest. The round trip is $1.50. Trains leave Santa Fe station at 8:1[illegible] a m returning to Colorado Springs at [illegible]:30 p m.

City Ticket Office No 13 North Tejon street. Colorado Midland Ry.

GO AROUND THE LOOP, $3.00 for round trip on Sundays, via C & S. A good day's outing.

AN ORDINANCE

Colorado Springs Colo July 16 1901

The following ordinance was read before the city council at a regular meeting held on July 15 1901 and was ordered published.

K M MacMillan
City Clerk

AN ORDINANCE VACATING A PORTION OF AN ALLEY

Be It Ordained by the City Council of the City of Colorado Springs:

Section 1—That all that portion of the alley in block No 105 in addition No 1 to the City of Colorado Springs beginning at the north line of Cucharas street and extending north therefrom a distance of 129.8 feet be and the same is hereby vacated and all use and occupation thereof granted to the Atchison Topeka & Santa Fe Railway company its successors and assigns.

Sec 2—This ordinance is to become operative and effective when the Atchison Topeka & Santa Fe Railway company conveys to the City of Colorado Springs by good and sufficient conveyance for alley purposes the following described tract and parcel of land to wit:

Beginning at a point on the south line of lot No 4 in block 105 in addition No 1 to the City of Colorado Springs 104.74 feet westerly from the southeast corner of said lot thence along the south line of said lot in an easterly direction 1[illegible]1 feet thence angle to left 55 degrees [illegible] minutes 155.5 feet thence easterly parallel with south line of said block 4.6 feet to the east line of lot No 3 in said above mentioned block 105 thence northerly along the east line of said lot [illegible] feet to the north line of the south one half thereof thence westerly along the north line of south half of said lot 3 31 feet thence southerly and westerly parallel with second course above mentioned 110.6 feet thence southerly parallel with west line of said block 5 feet thence westerly parallel with south line of said block, 6 feet thence southerly and westerly 60.3 feet to place of beginning. Said alleyway being four feet wide on the east side and six feet on the westerly side of the center line of the said city sewer pipe line No 6 except a small triangular strip excluded therefrom and a similar strip included therein.

First publication July 17 1901 last publication July 27 1901.

The Fight of . . . . .
Science vs. Consumption.
Ever since the world began science and consumption have been wag
war, with consumption ever having the better of the contest
For centuries the battles were all hers but science has been ever gainin
and of late years has many victories to her credit
Among the many treatments for consumption none has achieved so gr
as the Shepard treatment, used by Dr. W A. Shepard for the past
and having to its credit many cures in every State of the Union
As the knowledge of this cure spreads and its patients increase in
number of cures become greater and the proportion of cures greater al
All cases of consumption in its first stages are curable nearly all in
stages can be cured some in the final stages are curable.
Consumptives who are cured of consumption
Live Safely in the East,
as hundreds of persons cured by the Shepard treatment are now doing
the word of any interested person for such an assertion It is a matte
death Come in and get the names of cured consumptives living in
correspond with them
In many cases where climate or inadequate prescriptions are depended
ress of consumption is arrested but a cure is not completed. Such p
East only to die To live safely in the East consumption must be thor
If a cure is complete if there is no disease left, why should not a pers
anywhere?
For twenty-five years Dr Shepard has made a special study of diseases
and throat In his investigations he has made thousands of examinati
offers sufferers
Free Examinations of the Lungs and Throat
between 11 and 12 and 4 and 5 daily except Sunday
You thus ascertain absolutely without cost an accurate knowledge of
condition and are under no obligation to take the doctor's treatment
If you would be cured of consumption you must use an adequate trea
The disease works quickly and without rest The longer you wait the le
recovery The Shepard treatment has cured hundreds of others Why
cure you?

COLORADO SPRINGS,

Secrest Case Has Caused a Stir

The police department yesterday was notified by the chief of police of California Mo that an officer would be sent at once to take charge of W Carleton Secrest whom the local authorities arrested Monday night for felony. The officers of the local force were surprised yesterday that any doubt of Secrest's guilt was entertained after the confession made to them by the prisoner. Said Captain Fair last night: "I had difficulty in keeping the man from telling me his whole story until I could get him outside the Antlers. When once in the open air he talked freely of his offense and stated it was only a little matter which he had neglected to straighten up but would attend to it at once. He told me of his family and their standing socially which I know to be very high in Cleveland Ohio.

"As to the man calling at my house and his telling I was waiting to pay him a friendly visit at the Antlers, you may say for me that he is no friend of mine."

Chief of Police King said: "No promise was ever given this man that the facts relating to his arrest would be suppressed. When he asked if the public would be informed about the matter I replied that it was difficult to keep quiet such public arrests as this and I could see no reason why we should attempt to hush up rumors regarding his misdeeds. He repeated to me the story told Captain Fair. We secured the man just in time, had we delayed until morning he would have been on the way to New York."

C A King and wife were arrested on Huerfano street last evening charged with drunkenness and disorderly conduct. It seems that in the morning the man gave his wife some money which it is said she used in getting drunk and when they met on the street last night a lively scene occurred. Both parties were locked up and this morning they will have a hearing before Judge Boatright.

Burglar Operated on the West Side

Burglars are again at work in Colorado Springs. About daylight Tuesday morning a number of houses on the West Side were entered and a small haul was made. At one place 706 Colorado avenue the burglars secured $3 out of a pair of trousers and several small articles of jewelry. No clew was left by which the police can trace the offenders but detectives have been put to work on the case and they may yet land the guilty parties. It could not be learned what amount was secured by the burglars as a result of their night's work but it is believed that it is not great. Several residents of this part of the city report that men were prowling around their houses late in the night. It seems quite possible that the gang which operated here several weeks ago has started to work again after a brief rest. The police are making every effort possible to locate the light fingered gentlemen.

MIDWAY ATTRACTIONS ARRIVED LAST NIGHT

Manager Oppenheim of the Midway attractions that are to be exhibited at the Elks Great Street fair beginning Monday evening next arrived in the city yesterday morning and his train came in from Cripple Creek last night. The exhibits will be put in place as rapidly as possible and from this morning until the hour for the opening of the fair there will not be an idle moment on the Midway.

The word spread fast that the Midway had arrived and the cars were visited by a great many curiosity seekers last night. They saw little however to satisfy their curiosity and they will have to go back this morning.

The greatest possible activity is now being seen at the fair ground.

The merchants are decorating fast and the electricians are getting their laborious task well in hand.

HAD A GUN—A case of mistaken identity came near causing serious trouble in the Elk hotel. A young man accosted a guest of the hotel by the name of Holland thinking that he was the ball player of that name. The guest of the hotel took offense at the mistake and is said to have drawn a gun on the other. The police were summoned but decided that there was no need for them.

DEATH OF MRS. ALFRED HARTER

Early yesterday morning Mrs Martha Harter wife of Mr Alfred Harter and mother of Misses Hazel and Ruth Harter died. Her illness covered a period of several years the last three of which have been spent in Colorado Springs.

At the time of her coming to Colorado Springs accompanied by her daughter Miss Ruth the family home was at Wabash Ind. A year later Mr Harter came here and bought the business of the Colorado Steam Dye and Cleaning works which he owns at present. Miss Hazel Harter has remained in Indiana teaching until the present summer when she came here to make her home.

Owing to Mrs Harter's impaired health it had been the privilege of comparatively few people to know her in Colorado Springs. Her suffering was always with the utmost patience and strength of spirit however and in her death a thoroughly good and always helpful life was brought to a close. Those whose lives are most directly saddened by her death have the deepest sympathy of all their friends.

The funeral which will take place at the family residence 2 Pelham Place will be private.

Precipitation in inches	.23

WEATHER FORECAST.

Washington, July 24.—Forecast for Colorado: Probably showers Thursday, with cooler in northern portion; Friday showers, variable winds.

Satisfied people wear Ashby's spectacles.

Trunks repaired. Wise, 14 Pike's Peak.

Piano moving a specialty. The Colorado Springs Transfer Co., 12 Pike's Peak.

Dust-proof rooms, for storage. Furniture packed. Padded moving vans. Wandell & Lowe, 112 Pike's Peak.

DIED John Henry Shank, aged 6 years and 10 months. Funeral today at 2 p. m., from 723 East Huerfano.

FUNERAL—The funeral of Mrs. Alfred Harter was held yesterday afternoon from the family residence, 2 Pelham Place. The services were private.

NEGLIGEE BANQUET—The negligee banquet of the members of the Y. M. C. A. will occur at the association headquarters this evening. A good time is anticipated.

DORCAS SOCIETY—The Dorcas society of the Swedish Lutheran church will hold an auction sale of useful and fancy articles this evening at the church, corner Spruce and West Bijou streets.

KICKED BY A HORSE—H. B. Wallace, who was painfully injured by being kicked by a vicious horse at Cripple Creek last Friday, was brought to this city and is now resting easily at No. 19 East Dale street.

WORK DELAYED—Work on the new building of the First Methodist church has again been delayed by a strike. On account of the great steel workers' strike it is impossible to secure steel fast enough to go on with the construction.

PIKE'S PEAK COMMANDERY—Special conclave of Pike's Peak commandery No. 6, K. T., this evening at 8 o'clock for work in the Order of the Red Cross. Visiting Sir Knights are courteously invited to attend.

W. C. T. U.—The monthly parlor meeting of the Frances Willard W. C. T. U. will be held at 417 South Nevada avenue, with Mrs. Walker this afternoon, at 3 o'clock. Miss Saloini of Syria will give an address. Ice cream and cake will be served. All members and friends are cordially invited to be present.

WARRANTY DEEDS.—The following warranty deeds were recorded yesterday: Colorado Springs company to Clark Mellen, $8,000, lots 1, 2, 3 and 4, block E, Wood avenue addition; Colorado Springs company to J. W. Grimoldby, $2,300, part of lots 15 and 16, in the subdivision of block 202, addition 1; George Eastwood to C. W. Eve, $700, part of lot 8, block 3, Peek's addition.

CANON—The regular meeting of the north end W. C. T. U. will be held in North Cheyenne canon Saturday afternoon at 3 o'clock. The Frances Willard union, the Wise Y's and all friends of temperance are invited to attend. After the meeting there will be a picnic supper. Each persons brings her own lunch. Will take the car leaving Pike's Peak avenue at 2 o'clock. A reception committee will wait for late comers at the car station in the canon.

HAD BAD NEWS—Mr. Joe Nott, the well-known hotel and eating station manager, last night received a telegram from New York stating that his brother, William Nott, had been overcome by the heat and that he was the victim of a sunstroke that was likely to prove fatal. William Nott had just reached this country after a trip in Europe. His home is at San Bernardino, Calif., where he is manager of one of the famous Fred Harvey eating stations.

B'NAI B'RITHS HERE—A large number of delegates to the meeting of the grand lodge of the B'Nai B'rith, in Denver, will be here today on a sight-seeing trip. Among the visitors will be *President Alfred Miller, of Denver;* First Vice President Louis Newberger, of Indianapolis; Second Vice President William Ornstein, of Cincinnati; Secretary Victor Abraham, of Cincinnati; *Treasurer Joseph May, of* Cincinnati; Sergeant at Arms, B. A. Fineman, of Kansas City; Messenger Joseph Mayer, of Cincinnati; members of the general committee, Moses Schwab, J. D. Samuelson, David S. Victor, Jacob Trost of Cincinnati, Marcus Sulzer of Madison, Ind., N. C. Url of Louisville, Ky.

What among human ills are more annoying than piles? The afflictions that prevent active exercise are bad enough, but one that makes even rest miserable is worse. Women are among its greatest martyrs. Tabler's Buckeye Pile Ointment will cure the most obstinate cases. Price, 50 cents, in bottles, tubes 75 cents. Hefley-Arcularius Drug Co., 21 South Tejon street.

THE ROYAL GORGE.

The most magnificent and colossal sight in Colorado is the Royal Gorge. An elegant excursion train will be run to this point via the D. & R. G. Saturday. Train will leave Manitou at 8 a. m. and Colorado Springs at 8:30 a. m., returning at 5:30 p. m. Get up a party and go. Train stops in Gorge. Round trip $3.25. Children half rates.

White's Cream Vermifuge not only effectually expels worms, but is unequaled as a tonic, and is a certain and permanent cure for chills and fever in children. Price 25 cents. Hefley-Arcularius Drug company, 21 South Tejon street.

The Colorado Springs
Decorative Art,
The Antlers Hotel.

Exhibition and sale of high class needlework. Materials and lessons.

Special sale on switches and pompadour rolls, one week only. Mrs. Anna Bethman, rooms 29, 30 and 31 De Graff Building, 118 North Tejon street. 'Phone 691 A.

You get just what we tell you, or your money back, at Kaufman's Reorganization Clothing Sale.

Antlers Turkish bath, 14 E. Bijou St.

For trunk repairs go to H. T. O'Brien's trunk factory, 5 S. Cascade.

Antlers Turkish bath, 14 E. Bijou St.

The prices in red are attractive, at Kaufman's Reorganization Clothing Sale.

Just received prettiest line of summer felts ever shown in the city. Call and see them.

Boyland & Osborn,
Millinery store, 105 North Tejon.

Only one thing is cheapened—the prices, at Kaufman's Reorganization Clothing Sale.

Antlers Turkish bath, 14 E. Bijou St.

50 CENTS ROUND TRIP.
Sunday Excursions via the Short Line.

Excursion tickets to Point Sublime, North and South Cheyenne, Fairview and St. Peter's Dome, on Sunday, 50 cents. Unparalleled scenic grandeur. Short Line trains leave D. & R. G. station at 8:00 a. m. and 10:37 a. m.

HAVE YOUR EASTERN FRIENDS VISIT YOU.

Send us their names and addresses and we will gladly have them furnished with full information in regard to the extremely cheap rates, effective via the Union Pacific this summer. E. R. Griffin, General Agent, Denver.

A Cool Store

Good ice cream soda tastes better in a cool room. This is by *far* the coolest store in town—cool even on the hottest days. Pure fruit juices, pure cream, all ingredients pure and mixed in right proportions produce at our *fountain* the best of ice cream sodas.

Best phosphates, too.

F. L. GUTMANN,
PURE DRUGS.
